Disarming Strangers

Nuclear Diplomacy with North Korea

Leon V. Sigal

In June 1994 the United States went to the brink of war with North Korea. Few Americans know the full details behind this story. In this lively and authoritative book, Leon Sigal offers an inside look at how the Korean nuclear crisis originated, escalated, and was ultimately diffused.

"A brilliant reconstruction of how close we came to war with North Korea in 1994. . . ."

—Donald P. Gregg, former Ambassador to South Korea

"The most comprehensive treatment of the U.S.-North Korea nuclear negotiations available. . . ."

—Robert L. Gallucci, former U.S. Negotiator

Oh, China!

Elementary Reader of Modern Chinese for Advanced Beginners

Chih-p'ing Chou, Perry Link, and Xuedong Wang

Oh, China! is a textbook for the growing number of advanced beginners who are studying Mandarin Chinese. These are students who, usually because of their Chinese family backgrounds, can speak and understand elementary Mandarin but cannot read or write well enough for an intermediate course. This book offers help with what they most need: reading and writing, grammar, and achievement of standard pronunciation.

"*Oh, China!* is the first Chinese language textbook intended specifically for the teaching of modern Mandarin to Chinese-American university students. It is written in easy and smooth language appropriate for beginning readers."

—Judy Z. Mu, Washington University in St. Louis

Pictures and Visuality in Early Modern China

Craig Clunas

The sixteenth century in China was a period of rapid and unprecedented economic expansion. Pictures of all kinds were a major source of consumable luxury at this period. This impressively illustrated and accessibly written book is the first attempt to survey this vast array of images, providing a stimulating and innovative point of entry to Chinese history.

96 illustrations. 16 in color.
