### Modern Music

The avant garde since 1945

PAUL GRIFFITHS

An invaluable book to the student and the general reader wanting a serious introduction to the music of our time, giving publication and recording details for all works considered.

'Immensely well-researched' **The Times**

'I applaud Griffiths' capacity to explain clearly and painlessly technical matters whose presentation elsewhere has often seemed deliberately obfusatory... It is certain to become a standard text on progressive tendencies in post war music.'

**Times Educational Supplement**

'packs an astonishing amount of information into 300 pages, mapping the new-won avant garde territories with discernment.'
