

NEW PERSPECTIVES ON SOVIET RUSSIA

LENIN—THE COMPULSIVE REVOLUTIONARY BY STEFAN T. POSSONY

The definitive biography of Lenin that incorporates those documents that have previously been inaccessible. This volume is a mature and complete appraisal of the man, an account that chronicles for the first time Lenin's early and late years and pieces together the riddle of his seemingly impossible rise to power.

"... well written, painstakingly researched and documented, providing the finest example of true scholarship ... Until such time as Russian archives are open to free research, this will probably remain the definitive work on the subject ... Highly recommended for all libraries as the best buy in the field." —*Library Journal*

Essays on Stalin's and Khrushchev's Russia

BY DAVID J. DALLIN Introduction by Leonard B. Schapiro, London School of Economics.

David Dallin's last book is an illuminating collection of essays dealing with critical issues of Soviet foreign and domestic policy over a span of forty years. The Soviet Union's relations with other countries, its ideological shifts, its short-range tactics and long-range plans were a lifelong concern of Dallin, who authored thirteen books dealing with the Soviet Union. No important stratagem on the part of the Kremlin escapes his scholarly scrutiny and lucid explanation.

"David J. Dallin's main asset as a writer on the Soviet Union is his intimate, comprehensive and thorough knowledge of Soviet life in its many manifestations. Indeed, Mr. Dallin is one of the few students of this complex subject who appear to possess the knowledge and perception of 'insiders.'" —*American Historical Review*
