**Editors**

Harvey Max Chochinov, *University of Manitoba, Canada*

Simon Wein, *Rabin Medical Centre, Israel*

*Palliative & Supportive Care* is an international journal of palliative medicine that focuses on the psychiatric, psychosocial, spiritual, existential, ethical, and philosophical aspects of palliative care. Its aim is to serve as a resource for practitioners and researchers, from a wide array of disciplines, engaged in the care and study of those with life-threatening illnesses along the entire continuum of care from diagnosis to the end of life. The journal's scope is broad and relates to all aspects of palliative medicine that do not exclusively deal with the administration of palliative care or hospice services, or with the primary management of pain and physical symptoms in palliative care.
