# The Twisted Muse

## Musicians and Their Music in the Third Reich

MICHAEL H. KATER

*"Kater...has done prodigious primary research, much of it in hitherto unexamined files, to emerge with a mountain of fresh material....Anyone seriously interested in the interface of art and a peculiarly threatening*

*political culture will find [this book] endlessly fascinating."*

—Publishers  
Weekly

Is music removed from politics? To what ends, beneficent or malevolent, can music and musicians be put? In short, when human rights are grossly abused and politics turned to fascist demagoguery, can art and artists be innocent?

In this broad survey of musicians and the music they composed and performed during the Third Reich, Michael H. Kater examines the value of music for the Nazi regime and the degree to which the regime attained a positive propaganda and palliative effect through the manner in which it manipulated its musicians, and by extension, German music.
