Editorial

Diagnostic criteria and core outcome set development for necrotising otitis externa, symptomatic evaluation in patients awaiting septoplasty and early versus late tracheostomy in critically ill patients: *J Fishman, EW Fisher* 877

Review Article

The indications, surgical techniques, and complications of transoral robotic surgery in total laryngectomy: a systematic review: *A Poutoglidis, E Forozidou, G Fyrmpas, K Vlachtsis, P Karamitsou* 878

Main Articles

Psychological aspects of vestibular disorders: a national survey of clinical practice: *LJ Smith, W Pyke, D Wilkinson, E Travers-Hill, SS Surenthiran* 884

Investigation of ambient-pressure absorbance characteristics of cartilage-grafted tympanic membranes: *B Asta, K Bozdemir, M Şahin* 893

Nasal obstruction symptom evaluation score outcomes in patients awaiting septoplasty at a tertiary ENT centre: *IJM Williams, MC Liu, AV Navaratnam, M Ferguson* 902

Ultrasonography-guided drainage versus surgical drainage for deep neck space abscesses: a systematic review and meta-analysis: *M Alzaid, M Ramadhan, A Abul, M Karam, A Alsaiif, E Stapleton* 906

Diagnostic criteria and core outcome set development for necrotising otitis externa: the COSNOE Delphi consensus study: *S Lodhi, K Dodgson, M Dykes, V Vishwanath, R Bazaz, S Mathur, G Watson, K Cartwright, A Pearson, D Wearmouth, R List, P Yates, J Dixon, A Puveendran, M Wilson, K Watson, M Cullinan, Y Mentias, R Capper, L Jewes, S Wallis, D Hamilton, B Adams, M Khalid-Raja, B Faris, M Khan, S Linton, R Abrar, E Owen, V Bisbinas, A Ijaz, K Lau, S Timms, J Bruce, E Stapleton* 913

Association of early tracheostomy with length of stay and mortality in critically ill patients: *AM Patel, R Patel, L Revercomb, DA Cohen, CC Tseng, WD Hsueh, A Filimonov* 921

Understanding, experience and attitudes towards artificial intelligence technologies for clinical decision support in hearing health: a mixed-methods survey of healthcare professionals in the UK: *B Oremule, GH Saunders, K Kluk, A d'Elia, IA Bruce* 928

Utility of maximum phonation time in the diagnosis of spasmodic dysphonia (laryngeal dystonia): *NK Nerurkar, S Goyal* 936

Half canal wall down tympanomastoidectomy: *Y Xin, W Song* 941

The role of using the submucosal conchoplasty technique for the management of concha bullosa in decreasing post-operative middle meatus synechia formation after functional endoscopic sinus surgery: a randomised controlled trial: *A Elgendy, Y Khafagy, S Elzayat, AGA Elouny* 951

To flex or not to flex: oesophageal soft food bolus obstruction in the modern age: *CM Moen, H Tailor, S Hammond, B Hay, N Peedika, AEL McMurren, XY Choo, M Stewart* 957

A case series of interventions and outcomes in patients with laryngeal squamous cell cancer: *R Townsley, JY Tan, E Edy, A Lim, J McMahon* 961

Incidence and distribution of contralateral lymph node metastasis associated with human papillomavirus-related oropharyngeal squamous cell carcinoma: *B Kornfeld, L Kyang, A Taha, R McCloy, V Chin, B Leavers, P Floros, P Earls, D Forstner, A Addison, J Crawford, R Gallagher* 965

Coronavirus disease 2019 status and related anxiety levels in cases undergoing total laryngectomy: *B Hazir, YK Kemaloglu, Alparslan Eker, M Düzlû* 973

Occult neck metastasis in salvage laryngectomy: a road map for super-selective neck dissection: *A Youssef, A Milton, R Patel, R Mhaweji, N Vasan, G Krempf* 979

Logistic regression analysis of risk factors for post-operative morbidities in parotidectomy: a retrospective cohort study: *KL Lau, L Ouma, L Whitehead, A Mukherjee, H Cocks* 983

Reply

A 2023 study of ENT undergraduate training in the UK. Has this improved?: *A Lancaster, A Salih, N Tolley* 989
