VOLUME 35, NUMBER 9

SEPTEMBER 2014

## SHEA WHITE PAPER

### 1083 **Data Requirements for Electronic Surveillance of Healthcare-Associated Infections** •

Keith F. Woeltje, MD, PhD; Michael Y. Lin, MD, MPH; Michael Klompas, MD, MPH;  
Marc Oliver Wright, MT(ASCP), MS, CIC; Gianna Zuccotti, MD, MPH;  
William E. Trick, MD

## ORIGINAL ARTICLES

### 1092 **Comparison of Prior Authorization and Prospective Audit with Feedback for Antimicrobial Stewardship** •

Jimish M. Mehta, PharmD, MSCE; Kevin Haynes, PharmD, MSCE; E. Paul Wileyto, PhD;  
Jeffrey S. Gerber, MD, PhD, MSCE; Daniel R. Timko, PharmD, BCPS; Steven C. Morgan, PharmD, BCPS, AQ-ID;  
Shawn Binkley, PharmD; Neil O. Fishman, MD; Ebbing Lautenbach, MD, MPH, MSCE; Theoklis Zaoutis, MD, MSCE;  
for the Centers for Disease Control and Prevention Epicenter Program

### 1100 **Commentary: Antimicrobial Stewardship Strategies: Preauthorization or Postprescription Audit and Feedback?** • Trevor C. Van Schooneveld, MD; Mark E. Rupp, MD

### 1103 **Development of an Antibiotic Spectrum Score Based on Veterans Affairs Culture and Susceptibility Data for the Purpose of Measuring Antibiotic De-Escalation: A Modified Delphi Approach** •

Karl Madaras-Kelly, PharmD, MPH; Makoto Jones, MD, MS; Richard Remington, MS; Nicole Hill, PhD;  
Benedikt Huttner, MD; Matthew Samore, MD

### 1114 **Multisite Exploration of Clinical Decision Making for Antibiotic Use by Emergency Medicine Providers Using Quantitative and Qualitative Methods** • Larissa May, MD, MSPH, MSHS; Glencora Gudger, MA;

Paige Armstrong, MD, MHS; Gillian Brooks, BA; Pamela Hinds, PhD, RN, FAAN; Rahul Bhat, MD;  
Gregory J. Moran, MD; Lisa Schwartz, EdD, MS; Sara E. Cosgrove, MD, MS; Eili Y. Klein, PhD;  
Richard E. Rothman, MD, PhD; Cynthia Rand, PhD

### 1126 **Infection Prevention Practices in Neonatal Intensive Care Units Reporting to the National Healthcare Safety Network** • Susan N. Hocevar, MD; Fernanda C. Lessa, MD, MPH; Lauren Gallagher, MPH; Craig Conover, MD; Rachel Gorwitz, MD, MPH; Martha Iwamoto, MD

### 1133 **The Association of State Legal Mandates for Data Submission of Central Line-Associated Bloodstream Infections in Neonatal Intensive Care Units with Process and Outcome Measures** • Philip Zachariah, MD; Julie Reagan, PhD, JD, MPH; E. Yoko Furuya, MD, MS; Andrew Dick, PhD; Hangsheng Liu, PhD; Carolyn T. A. Herzig, MS; Monika Pogorzelska-Maziarz, PhD, MPH; Patricia W. Stone, PhD, MPH, RN, FAAN; Lisa Saiman, MD, MPH

### 1140 **The Effect of Multiple Concurrent Central Venous Catheters on Central Line-Associated Bloodstream Infections** • Cathleen Concannon, MPH; Edwin van Wijngaarden, PhD; Vanessa Stevens, PhD; Ghinwa Dumyati, MD

### 1147 **Usability and Impact of a Computerized Clinical Decision Support Intervention Designed to Reduce Urinary Catheter Utilization and Catheter-Associated Urinary Tract Infections** • Charles A. Baillie, MD; Mika Epps, MSN, RN; Asaf Hanish, MPH; Neil O. Fishman, MD; Benjamin French, PhD; Craig A. Umscheid, MD, MSCE

# Physician – Infectious Disease/Hospital Epidemiology

Dartmouth-Hitchcock in Lebanon, NH and The Geisel School of Medicine at Dartmouth are seeking an experienced Hospital Epidemiologist in the Section of Infectious Disease and International Health (IDIH). Dartmouth-Hitchcock is an organization committed to Population Health and Patient Safety. This is an opportunity for the right candidate to develop innovative programs both within the Dartmouth-Hitchcock Medical Center and regionally. This individual will dedicate 20% of his/her time to clinical care within the IDIH Section, at least 5% to teaching within the medical school, and the remainder to leadership, research, and practice of Hospital Epidemiology and Infection Prevention at Dartmouth-Hitchcock. The successful candidate will be board certified in Infectious Disease with active clinical and hospital epidemiology responsibilities, have an outstanding record of scholarly achievement and original research, and possess excellent interpersonal and mentoring skills as well as administrative ability and experience.

IDIH is a strong and stable clinical Section within the Department of Medicine. The core membership of the Collaborative Healthcare-associated Infection Prevention Program at Dartmouth-Hitchcock Medical Center currently includes two physicians, three infection preventionists, an operational leader, and a data manager. Candidates must be eligible to be licensed by the State of New Hampshire and qualify for a faculty appointment in the Department of Medicine at the Geisel School of Medicine at Dartmouth. Rank at the Geisel School of Medicine at Dartmouth will be at the level of Associate Professor or higher, commensurate with experience.

Dartmouth-Hitchcock is an academic medical center located in Lebanon, New Hampshire in the Upper Connecticut River Valley on the NH and VT Border. Home to Dartmouth College, the Upper Valley is a vibrant, academic and professional community offering excellent schools, lively arts, and an unmatched quality of life in a beautiful, rural setting. Amenities associated with urban areas in Boston MA, Burlington VT, and Montreal, QC are all within a few hours drive. Dartmouth-Hitchcock has been consistently ranked by U.S. News & World Report as One of America's Best Hospitals.

Please send cover letter and CV to:

**Bryan J. Marsh, MD**

*Infection Control and Hospital Epidemiology* (ISSN 0899-823X) is published monthly by the University of Chicago Press, 1427 E. 60th St., Chicago, IL 60637-2954 (<http://www.journals.uchicago.edu/ICHE/>). The editorial office is in Chicago, Illinois.

## Editorial Office

Communications should be addressed to the Editor, *Infection Control and Hospital Epidemiology*, 1427 E. 60th St., Chicago, IL 60637-2954 (e-mail: [iche@press.uchicago.edu](mailto:iche@press.uchicago.edu); telephone: 773-702-2538, fax: 773-753-4247). Contributors should consult the Information for Authors, which is available at the journal's Web site.

## Advertising

Please direct advertising inquiries to Paul Tucker, Breuning Nagle Associates, 59 Grove Street, New Canaan, CT 06840 (e-mail: [paul@bna1.com](mailto:paul@bna1.com); telephone: 847-669-1096, fax: 203-801-0011). Publication of an advertisement in *Infection Control and Hospital Epidemiology* does not imply endorsement of its claims by the Society for Healthcare Epidemiology of America, by the Editor, or by the University of Chicago. Correspondence regarding advertising should be addressed to the advertising office in Chicago.

## Permissions

Articles may be copied or otherwise reused without permission only to the extent permitted by Sections 107 and 108 of the US Copyright Law. Permission to copy articles for personal, internal, classroom, or library use may be obtained from the Copyright Clearance Center (<http://www.copyright.com>). For all other uses, such as copying for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale, please contact the Permissions Coordinator, Journals Division, University of Chicago Press, 1427 E. 60th St., Chicago, IL 60637 (e-mail: [journalpermissions@press.uchicago.edu](mailto:journalpermissions@press.uchicago.edu); fax:

773-834-3489). Articles in the public domain may be used without permission, but it is customary to contact the author.

## Subscriptions

The individual subscription rate for 2014 is \$197. Lower rates for fellows, residents, and students are available at <http://www.journals.uchicago.edu/ICHE>. Individuals have the option to order directly from the University of Chicago Press. Institutional print + electronic and e-only subscriptions are available through JSTOR's Current Scholarship Program and include unlimited online access; rates are tiered according to an institution's type and research output: \$460 to \$1,150 (print + electronic), \$383 to \$958 (e-only). Institutional print-only is \$489. Additional taxes and/or postage for non-U.S. subscriptions may apply. Subscription agent for Japan: Kinokuniya Company, Ltd. Free or deeply discounted access is available in most developing nations through the Chicago Emerging Nations Initiative (<http://www.journals.uchicago.edu/ceni/>).

Please direct subscription inquiries, requests for back issues, and address changes to Journals Division, University of Chicago Press, P.O. Box 37005, Chicago, IL 60637 (e-mail: [subscriptions@press.uchicago.edu](mailto:subscriptions@press.uchicago.edu); telephone: 773-753-3347 or toll-free in the United States and Canada 877-705-1878; fax: 773-753-0811 or toll-free 877-705-1879).

**Postmaster:** Send address changes to *Infection Control and Hospital Epidemiology*, University of Chicago Press, P.O. Box 37005, Chicago, IL 60637-2954.

Periodicals postage paid at Chicago, Illinois, and at an additional mailing office.

# CURTAINS PROVIDE PRIVACY. AND PATHOGENS.

92% of privacy curtains have been found contaminated one week after laundering.<sup>1</sup>  
Fortunately, now you can kill bacteria on soft surfaces\* in 30 seconds.

## Disinfecting hard surfaces is only half the battle.

In healthcare environments, soft surfaces — like privacy curtains, chairs and couches — can be carriers of HAI-causing pathogens. Dangerous bacteria can survive up to 90 days<sup>2</sup> on fabric, putting patients, families and staff at risk.

## Now, a solution for soft surfaces.

Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectants are EPA-registered to disinfect hard surfaces and kill bacteria on soft surfaces. Finally, a single solution for all surfaces — to help you kill infection-causing pathogens wherever they may be.

For your free sample, visit [cloroxhealthcare.com/softsurface](http://cloroxhealthcare.com/softsurface).

1. Ohl, M., et al. (2011). Hospital privacy curtains are frequently and rapidly contaminated with potentially pathogenic bacteria. *Am J Infect Control*. 2012 Dec; 40(10):904-6.

2. Neely AN, Maley MP, "Survival of enterococci and staphylococci on hospital fabrics and plastic." *J Clin Microbiol* 2000; 38:724-726.

\* 100% polyester and 100% cotton. Soft surface claim has been registered by the Federal EPA and may not be available in all 50 states. Please check with your sales representative for updates in your state.
