## Medieval Classics

*A series of literary and historical texts with translations*

A series which will supply a long-felt need to historical students since many of these texts are now inaccessible. Under the general editorship of Professor V. H. Galbraith, of the Institute of Historical Research, and of Professor R. A. B. Mynors, Kennedy Professor of Latin in the University of Cambridge, the texts will be issued in handy volumes, each containing an historical introduction, a variorum text with the English translation facing page by page. Detailed Prospectus, giving particulars of all titles, may be had on application.
