

Corrigendum

Fake It ‘Til You Make It: A Natural Experiment to Identify European Politicians’ Benefit from Twitter Bots – CORRIGENDUM

BRUNO CASTANHO SILVA

SVEN-OLIVER PROKSCH

doi: <https://doi.org/10.1017/S0003055420000817>, Published online by Cambridge University Press 11 September 2020

The authors regret the inaccurate description of the statistical model tested, on p. 319, which says they have “fixed effects for party and country” (Silva and Proksch 2021). The models tested are not with fixed effects, but random. In accordance with the replication files, the passage should read “we expect the random intercepts for party and country to capture remaining heterogeneity.”¹
