## Notes for Contributors

All manuscripts should be submitted via our online system, Editorial Manager, at: <http://bjpols.edmgr.com>

Submission of an article in the first instance is taken to imply that it has not been previously published and is not being considered for publication elsewhere. Authors of articles published in the Journal assign copyright to Cambridge University Press (with certain rights reserved) and you will receive a copyright assignment form for signature on acceptance of your paper. Authors are responsible for obtaining permission to reproduce any material in which they do not own copyright, to be used in both print and electronic media, and for ensuring that the appropriate acknowledgements are included in their manuscript.

Submissions should be anonymized, though one version may contain names for editorial use. It is the responsibility of authors to ensure that the anonymization is effective.

Authors will be required to submit any article that has been accepted for publication in a format that can be processed by the publisher. The publisher reserves the right to typeset material by conventional means.

Where statistical analysis of data has been conducted, contributors should deposit a **replication dataset** online or with a major public data archive.

Anyone who is preparing a manuscript for submission to the Journal is urged to follow the Journal's **style sheet**, which covers a number of detailed points concerning footnotes, punctuation, spelling, etc. Though initial submissions need not conform to Journal style, the final copy for publication will be expected to do so. See Style Sheet for Authors available on-line or from the Editors.

**Articles** submitted to the Journal should in general be between 5,000 and 12,000 words (or equivalent in tables and figures) in length. An abstract not exceeding 120 words is required.

The Journal seeks to carry **Review Articles**, which are intended to be substantial intellectual contributions in their own right. Review Articles are the same length as articles, refereed, and must be submitted via Editorial Manager. Questions about Review Articles should be submitted to the managing editor.

**Notes and Comments** are welcome. A Note should contain a body of original information, a new method for doing something or a new idea (speculation, argument, proof, etc.) presented in a brief and unadorned form without inessential commentary. Comments containing criticisms of articles published in the Journal and additional thoughts on them will be considered for early publication, especially if they are short – say, under 1,000 words.

**First proofs** may be read and corrected by contributors provided that they can give the Editors an address through which they can be reached without delay and can guarantee to return the corrected proofs, by air mail where appropriate, within ten days of receiving them. The master proof is held by the Editors; contributors will receive duplicates.
