## EDITORIAL POLICY

The *British Journal of Political Science* is an independent journal, whose policy is set by its editorial board. It is committed to no methodological orthodoxy over and above the normal canons of scholarship: clear and consistent use of words, logical and mathematical validity, and the use of appropriate evidence to substantiate empirical statements. Contributions are invited in all fields of political science, including political philosophy and political sociology. Work addressed to problems of general significance to students of politics will be published whatever the period(s) or place(s) drawn upon for evidence.

## STUDIES

Two timely contributions to contemporary affairs

### **EAST AND WEST GERMANY: A MODUS VIVENDI**

**Karl E. Birnbaum**

Consultant to the Board, Swedish Institute of International Affairs, Geneva

This important study traces the intensive process of East-West negotiations initiated by the Bonn government during 1970-72, which resulted in bilateral treaties between the Federal Republic and three of its most important eastern neighbours. An agreement between the USA, Russia and Great Britain normalising the situation in Berlin followed shortly after. Dr Birnbaum makes use of documentary evidence and interviews with some of the key figures involved in the negotiations, which were hailed as a turning point in postwar European history. He analyses the policies of Moscow, Bonn and East Berlin in reaching their historic rapprochement, and concludes with an assessment of the scope for closer relations between Eastern and Western Europe.

£3.50

### **GOVERNMENT AND INDUSTRY IN BRITAIN**

**Stephen Blank**

Foreword by Sir Norman Kipping, formerly Director General, the Federation of British Industries

Preface by Professor S.H. Beer, Department of Government, Harvard University

The first major account of the role of the Federation of British Industries which, from its formation in 1916 until 1965 when it merged with other private sector associations to form the Confederation of British Industry, was widely recognised as the most important industrial organisation in the country. Contrary to popular speculation the author finds little evidence that organised industry wielded any appreciable political power and suggests that the FBI instead acted to discourage government intervention in the private sector. Discussing the marked changes in the interrelationship of politics and the economy following World War II, Dr Blank reviews the increased scope of the FBI for influencing change by participation with both the government of the day and organised labour. Concluding with the emergence of the CBI as a united centralised industrial voice, this authoritative study shows the far-reaching changes which have occurred in the formulation of Britain's economic policy.

**SAXON HOUSE D.C. Heath Limited,**

Dept. SS14, Westmead, Farnborough, Hampshire, England.

## **GOVERNMENT IN SPAIN:**

The Executive at Work

K. N. MEDHURST

An introductory text on the structure and workings of the machinery of Spanish Government, examined against the background of recent historical events and against the struggle of the economy and Spanish Society.

268 pages £2.85 hard cover

## **GOVERNMENT IN FRANCE:**

An Introduction to the Executive Power

M. ANDERSON

*"It deserves a place on the bookshelf of every student of comparative government and administration."* Public Administration

220 pages £2.00 hard cover £1.40 flexi cover

## **GOVERNMENT IN SWEDEN:**

The Executive at Work

N. ELDER

*"... can be confidently recommended as a scholarly and up-to-date introduction to the government and administration of Sweden."* Public Administration

216 pages £2.00 hard cover £1.40 flexi cover

*Forthcoming Title*

## **BACKBENCH OPINION IN THE HOUSE OF COMMONS 1945-55**

Editor H. BERRINGTON

A detailed analysis of floor revolts, free votes and signatures to backbench motions during one of the most exciting parliamentary decades in modern life. This period saw the backbench challenge to the foreign policy of the post-war Labour Government, the fight against conscription, the Bevanite controversy and the beginnings of the struggle over nuclear weapons followed, when the Conservatives regained control, by the formation of the Suez group and the start of Europeanism.

276 pages £6.50 hard cover Autumn 1973

## **Lloyd George: Family Letters 1885–1936**

---

Edited by Kenneth O. Morgan

---

'In death as in life Lloyd George remains the most controversial figure in British political history. These letters throw vivid light not so much on his record as on his character. He was a man of almost super-human vitality. "It will take a dozen men", said Baldwin, "to write his life." All the twelve should derive considerable assistance from this volume.'—Dingle Foot in *The Observer* 13 plates £4.50

---

## **Contemporary International Theory and the Behaviour of States**

---

Joseph Frankel

---

This book provides a brief survey of the major theoretical approaches to international relations and discusses their relevance to current international affairs. In a concluding chapter some of these approaches are applied in a case study of the relations between Britain and the E.E.C. 4 diagrams £1.25 paper covers 60p OPUS

---

## **The Study of International Affairs**

---

Essays in Honour of Kenneth Younger

---

Edited by Roger Morgan

---

This volume reviews the whole field of the study of international affairs during the last fifty years. The contributors are past and present members of the Chatham House research staff and others closely associated with the Institute's work. £5  
*Royal Institute of International Affairs*

---

## **Anglo-American Politics 1660–1775**

---

The Relationship between Parties in England and Colonial America

---

Alison Gilbert Olson

---

In the century before the Revolution encouragement by English patrons gave leverage in provincial politics and legitimacy to opposition groups in the colonies which might otherwise have been suppressed. At the same time, English party leaders out of office found colonial politics similarly useful, both for attacking the government and attracting attention. Thus the very existence of the Empire precipitated the development of political parties in England and the American colonies. That is the novel theme of this essay. £3.50

## **The First Rockingham Administration 1765–1766**

---

P. Langford

---

Though it lasted barely a year, the first Rockingham administration has had immense influence on the traditional interpretations of the reign of George III, and a detailed reassessment of it has long been overdue. £4.50 *Oxford Historical Monographs*
