

THE ANZIAM JOURNAL

*(The Australian & New Zealand
Industrial and Applied
Mathematics Journal)*

Formerly known as
JOURNAL
of the
AUSTRALIAN MATHEMATICAL SOCIETY
Series B – Applied Mathematics

Editor of The ANZIAM Journal

C. E. M. PEARCE, Department of Applied Mathematics, The University of Adelaide, Australia, 5005;
cpearce@maths.adelaide.edu.au .

Associate Editors

A. P. BASSOM
Department of Mathematics
University of Exeter
North Park Road
Exeter, Devon EX4QE
United Kingdom
AP.Bassom@ex.ac.uk

A. J. BRACKEN
Department of Mathematics
University of Queensland
St. Lucia QLD 4072
ajb@maths.uq.edu.au

B. D. CRAVEN
Department of Mathematics
University of Melbourne
VIC 3010
craven@ms.unimelb.edu.au

A. C. EBERHARD
Department of Mathematics
Royal Melbourne Institute of
Technology
GPO Box 2476V
Melbourne VIC 3001

Cover design by HILARY BOOTH.

THE ANZIAM JOURNAL

Volume 42 Part 3

JANUARY 2001

On the solution of a class of second-order quasi-linear PDEs and the Gauss equation	
A. R. Selvaratnam, M. Vlieg-Hulstman, B. van-Brunt and W. D. Halford	312
Bifurcation of positive solutions for a Neumann boundary value problem	
E. L. Montagu and John Norbury	324
Vector Lyapunov functions and conditional stability for systems of impulsive differential-difference equations	
D. D. Bainov and I. M. Stamova	341
Smoothly attaching bow flows with constant vorticity	
S. W. McCue and L. K. Forbes	354
An application of Newton's method to differential and integral equations	
J. M. Gutiérrez and M. A. Hernández	372
Refinements of some bounds in information theory	
M. Matic, C. E. M. Pearce and J. Pečarić	387
Chaos in perturbed Lotka-Volterra systems	
J. R. Christie, K. Gopalsamy and Jibin Li	399
Extrapolation techniques and the collocation method for a class of boundary integral equations	
Ricardo Celorio and Francisco-Javier Sayas	413
An ordinary differential equation arising in the Ricci flow on the plane	
Jong-Shenq Guo and Yung-Jen Lin Guo	438
Fast diffusion with loss at infinity—additional solutions	
A. Brown	445

Set by TeXAdel, Adelaide, Australia.

Printed by University Printing Service, ANU, Canberra, Australia.

The Journal of the Australian Mathematical Society began publication in 1959, and from 1975 appeared in two series, Series A (Pure Mathematics and Statistics) and Series B (Applied Mathematics). Series B is now The ANZIAM Journal and is published in volumes comprising four quarterly parts. There is also a fifth (electronic) part designed for rapid publication (<http://jamsb.austms.org.au/>). Editor: A. J. ROBERTS, Department of Mathematics & Computing, University of Southern Queensland, Toowoomba, QLD 4350; aroberts@usq.edu.au. All five parts are refereed. All accepted papers have the option of publication in the electronic part. Information about Series A and other publications of the Society may be found on the inside back cover.

It is the editorial policy of The ANZIAM Journal to accept papers in any field of applied mathematics and related mathematical sciences. Novel applications of mathematics in real situations are especially welcomed. All papers should include some indication of applicability, and an introduction that can be understood by non-specialist readers from the whole applied mathematical community.

Manuscripts (three copies) for publication should be sent to the editor or to an appropriate associate editor at the address given on the inside front cover. Such action is a representation by the author that the manuscript has not been copyrighted or published, and that it is not being considered for publication elsewhere.

Authors are asked to read the section "Preparation of Manuscripts" on the last page.

Irrespective of the number of authors, 50 free offprints of each copy are provided; additional offprints may be ordered at the expense of the authors.

Excessive costs incurred by the Society through corrections to or withdrawal of articles may be charged to the authors concerned.

The ANZIAM Journal (ISSN 0334-2700) is published quarterly for A\$280.50 (Members A\$42.90) per annum by the Australian Mathematical Society, Mathematics Department, Australian National University, ACT 0200, Australia. Send address change notices to Dr A. Howe, Journal of the Australian Mathematical Society, Mathematics Department, Australian National University, ACT 0200, Australia.
