IBIS

Journal of the British Ornithologists' Union
Edited by Dr Peter Jones
Department of Forestry and Natural Resources,
University of Edinburgh, King's Buildings,
Edinburgh EH9 3JU, UK

One of the most prestigious bird journals in the world, *Ibis* has been in existence since 1859. It publishes papers from both professionals and amateurs on all aspects of ornithology ranging from geographical distribution to bird behaviour, covering topics such as kin selection, altruism and breeding systems. Reviews of the ornithological literature have always been an important feature of the journal. Although it is published for

the British Ornithologists' Union it is by no means exclusively British, and less than half the papers deal with British birds.

Subscription Information

Ibis is published quarterly. Subscription rates for 1991 are £95.00 (UK), £110.00 (overseas) and US\$199.50 (USA & Canada) post free.
