

THE  
ANZIAM  
JOURNAL

*(The Australian & New Zealand  
Industrial and Applied  
Mathematics Journal)*

### Editorial Office and Address

Editor-in-Chief C. E. M. PEARCE, cpearce@maths.adelaide.edu.au  
Executive Editor E. HUNT, ehunt@maths.adelaide.edu.au  
School of Applied Mathematics, The University of Adelaide, SA 5005, Australia.

### Associate Editors

A. P. BASSOM  
The University of Exeter  
North Park Road  
Exeter, Devon EX4 4QE  
United Kingdom  
drew@maths.ex.ac.uk

A. J. BRACKEN  
Department of Mathematics  
The University of Queensland  
St. Lucia QLD 4072  
ajb@maths.uq.edu.au

B. D. CRAVEN  
Department of Mathematics  
The University of Melbourne  
VIC 3010  
craven@ms.unimelb.edu.au

A. C. EBERHARD  
Department of Mathematics

# THE ANZIAM JOURNAL

Volume 45 Part 3  
JANUARY 2004

|   |     |
|---|-----|
| <b>Bifurcation phenomena for an oxidation reaction in a continuously stirred tank reactor. II Diabatic operation.</b> |     |
| M. I. Nelson and H. S. Sidhu .....  | 303 |
| <b>Some remarks on a Neumann boundary value problem arising in fluid dynamics</b>                                     |     |
| Pedro J. Torres .....   | 327 |
| <b>Conservation laws for second-order parabolic partial differential equations</b>                                    |     |
| B. van Brunt, D. Pidgeon, M. Vlieg-Hulstman and W. D. Halford ...   | 333 |
| <b>Minimal approximate Hessians for continuously Gâteaux differentiable functions</b>                                 |     |
| Hongxu Li and Falun Huang .....   | 349 |
| <b>An investigation into the effects of heat transfer on the motion of a spherical bubble</b>                         |     |
| P. J. Harris, H. Al-Awadi and W. K. Soh .....   | 361 |
| <b>The limiting ideal theory for shear-index cohesionless granular materials</b>                                      |     |
| G. M. Cox and J. M. Hill .....  | 373 |
| <b>Rumours with general initial conditions</b>  |     |
| Selma Belen and C. E. M. Pearce .....   | 393 |
| <b>Maximising output from oil reservoirs without water breakthrough</b>   |     |
| S. K. Lucas .....   | 401 |
| <b>The pressure field in the gas-lubricated step slider bearing</b>   |     |
| I. Penesis, J. J. Shepherd and H. J. Connell .....  | 423 |
| <b>Harvesting in a two-prey one-predator fishery: a bioeconomic model</b>   |     |
| T. K. Kar and K. S. Chaudhuri .....   | 443 |

---

Set by TeXAdel, Adelaide, Australia.  
Printed by Instant Colour Press, Canberra, Australia.

The Journal of the Australian Mathematical Society began publication in 1959, and from 1975 appeared in two series, Series A (Pure Mathematics and Statistics) and Series B (Applied Mathematics). Series B is now The ANZIAM Journal and is published in volumes comprising four quarterly parts. There is also a fifth (electronic) part designed for rapid publication (<http://jamsb.austms.org.au/>). Editor: A. J. ROBERTS, Department of Mathematics & Computing, University of Southern Queensland, Toowoomba, QLD 4350; [aroberts@usq.edu.au](mailto:aroberts@usq.edu.au). All five parts are refereed. All accepted papers have the option of publication in the electronic part. Information about Series A and other publications of the Society may be found on the inside back cover.

It is the editorial policy of The ANZIAM Journal to consider papers in any field of applied mathematics and related mathematical sciences. Novel applications of mathematics in real situations are especially welcomed. All papers should include some indication of applicability, and an introduction that can be understood by non-specialist readers from the whole applied mathematical community.

Manuscripts (four copies) for publication should be sent to the editor or to an appropriate associate editor at the address given on the inside front cover. Such action is a representation by the author that the manuscript has not been copyrighted or published, and that it is not being considered for publication elsewhere. Please do not make initial submissions electronically.

Authors are asked to read the section "Preparation of Manuscripts" on the last page.

Irrespective of the number of authors, 20 free offprints of each copy are provided; additional offprints may be ordered at the expense of the authors.

Excessive costs incurred by the Society through corrections to or withdrawal of articles may be charged to the authors concerned.

---

*The ANZIAM Journal* (ISSN 1446-1811) is published quarterly for A\$327.80 (Members A\$52.80) per annum by the Australian Mathematical Society, Mathematics Department, Australian National University, ACT 0200, Australia. Send address change notices to Dr A. Howe, Journal of the Australian Mathematical Society, Mathematics Department, Australian National University, ACT 0200, Australia.
