design and applied arts index on CD-ROM

We challenge anyone to find a more user-friendly arts journal index!

Sample entry:

The screenshot shows the 'designandappliedartsindex on CD-ROM' interface. At the top, there is a title bar and a menu bar with options: Start Menu, Run the Tutorial, Search for Articles, View as Card, Print, Save to disk, and Exit daai. Below the menu bar, there is a search box with the text 'Click in box: [] to choose those articles you wish to Print or Save to disk'. The main content area displays an article entry for Phillippe Starck, including author, title, reference, and language information. Below the article entry, there is a section for 'Further information about periodical click:' which contains a detailed profile of the designer. At the bottom, there is a search bar and navigation controls.

Long recognised as the principal source on current trends in design and the applied arts worldwide, *design and applied arts index* is now also available on CD-ROM, making it an indispensable resource not only for students, historians and librarians, but also for working designers and craftspeople.

daai on CD-ROM contains over 100,000 annotated references from more than 400 design and craft journals published between 1973-1997, making it the largest database of its kind in the world. It also includes data on nearly 40,000 designers, craftspeople, studios, workshops, firms etc.

At least 10,000-12,000 new references are added annually.

Special Features of daai on CD-ROM

daai on CD-ROM has a number of unique special features. These include:

- Four supplementary databases - international directories of design and craft courses, design and craft organisations, design and craft periodicals and design and craft archives
- A simple one-stop search facility
- An on-screen tutorial
- Search screen texts in English, French and German
- Glossaries in French and German of the key terms used in **daai on CD-ROM**
- A text-to-talk facility - the text can be read to you - a feature of value to partially-sighted and dyslexic users
- An Internet link to Web sites on **daai on CD-ROM**. The latest issue contains nearly 1,000 Internet links
- In-built networking, which will allow you to share **daai on CD-ROM** with other users, without needing a file-server on your network
