The Iraq War and International Law

Edited by Phil Shiner and Andrew Williams

The decision by the US and UK governments to use military force against Iraq in 2003 and the subsequent occupation and administration of that State, has brought into sharp focus fundamental fault lines in international law. This book examines a number of issues fundamental to the future direction of international law in the War's aftermath. It adopts both practical and academic perspectives in order to scrutinize key questions and consider the possible trajectories that international law might now follow.

Terrorism and the State

Rethinking the Rules of State Responsibility *by Tal Becker*

'...clearly the most significant contribution to the field of state responsibility since the ILC Draft Articles of 2001' Alan Nissel, *Journal of International Criminal Justice*

Tal Becker's incisive and ground-breaking book analyses the law of State responsibility for non-State violence and examines its relevance in a world coming to terms with the threat of catastrophic terrorism. The book sets out the legal duties of States to prevent, and abstain from supporting, terrorist activity and explores how to maximise State compliance with these obligations.

- Reclaiming Democracy: The Strategic Uses of Foreign and International Law by National Courts** *Eyal Benvenisti* 241
- In response to the increasing pressure on governments, legislatures, and courts to conform to global standards, courts in several democracies are seeking to strengthen the ability of their governments to stand up against interest groups and powerful foreign governments, and to expand the space for domestic deliberation. By coordinating policies with counterparts in other countries through the common language of international and comparative constitutional law, courts can contribute to reclaiming democracy from the grip of globalization.
- Legislation and Adjudication in the UN Security Council: Bringing Down the Deliberative Deficit** *Ian Johnstone* 275
- This article draws on the theory of deliberative democracy to examine the legitimacy of the quasi-legislative and quasi-judicial acts of the UN Security Council in creating the counterterrorism regimes under Resolutions 1267, 1373, and 1540, whose implementation requires broad international support. It argues that improving the quality of the Council's deliberations will enhance the effectiveness of similar decisions and recommends a set of reforms designed to bring down the "deliberative deficit" in that body.

PROGRAM OF WORK

In addition to publishing the *American Journal of International Law*, the ASIL offers a variety of information resources and participation opportunities for members as well as nonmembers. These programs, best viewed at www.asil.org, include: publications such as *International Legal Materials* and *Studies in Transnational Legal Policy*; electronic bulletins such as *ASIL Insights*, *International Law In Brief*, and *il.Post*; events such as the Annual Meeting and other gatherings in Washington, DC and around the world; Outreach programs for the justice sector, the media, and other audiences; an array of resources on the ASIL Web site, such as the Electronic Information System for International Law (EISIL) and the Guide to Electronic Resources for International Law (ERG); and opportunities to be part of an active network bridging expert and non-expert communities associated with the development of international law.

PHILANTHROPY AND THE SOCIETY

The ASIL accomplishes much of its work through charitable support. The Society is grateful to its many members who contribute to the annual fund and the endowment, the foundations whose grants fund special programs, and the law firms, publishers, universities, and others that sponsor ASIL activity. The Society is particularly honored to receive contributions through the Patrons program and to be included in our members' estate plans through the ASIL Heritage Circle. We recognize these contributors below.

PATRONS

Patrons of the Society contribute \$10,000 or more to the ASIL Endowment for International Law. Patrons may also be recognized posthumously upon such a donation being made in their name.
