

The foreword, by Godfrey Vesey, Professor of philosophy at the Open University, serves as a guide to the contents. David Crystal, Professor of linguistics at the University of Reading, contributes a useful glossary of technical terms in addition to a paper of his own on the problem of language variety.

## Contents:

Foreword by Godfrey Vesey.  
"The Translation Theory of Understanding", by G. H. R. Parkinson (University of Reading).  
"Locke, Steiner and Understanding", by M. A. Stewart (University of Lancaster).
