

## Revolutionize the way your students read Shakespeare

“For the first time, a publisher has produced a Shakespeare anthology fully suited to the modern undergraduate classroom. . . . This will radically transform the way I currently teach Shakespeare, and I am sure it will make my undergraduates better readers and interpreters of Shakespeare’s works.”

—John Watkins, *The University of Minnesota*

### The Bedford Shakespeare

**Russ McDonald**, *Goldsmiths College, University of London* and **Lena Cowen Orlin**, *Georgetown University*

Finally, the collected works you’ve been waiting for: visual, historical, contextualized. Based on the New Cambridge Shakespeare edition of the text, *The Bedford Shakespeare* gathers the 25 most frequently taught plays and augments them with the rich historical and contextual materials you expect from Bedford/St. Martin’s. Thoughtful, provocative analysis by eminent scholars Russ McDonald and Lena Cowen Orlin offers students concrete entry points into the plays and creates opportunities for lively classroom discussion. A lavish collection of images throughout the book features production shots, paintings, film stills, Renaissance woodcuts, maps, and more—to help students visualize what they are reading.

## From Chicago

### Novelty

A History of the New

Michael North

“Witty, sophisticated, and sharply written. . . . In exploring the multiple valences and models of the new, North accomplishes that most elusive of achievements: explaining how something can at once be new and old, recurrent and unexpected. Highly recommended not just for academics but for the general reader as well.”

—N. Katherine Hayles, author of *How We Think*

### The Death Penalty

Volume I

Jacques Derrida

Translated by Peggy Kamuf

The next in Chicago’s translations of Derrida’s seminars, *The Death Penalty* provides the first truly philosophical argument against the death penalty, analyzing a broad array of texts to deconstruct death penalty discourse.

CLOTH \$35.00

### Protocols of Liberty

Communication Innovation and the American Revolution

William B. Warner

“Built upon the close scrutiny of printed sources and making excellent use of generations of scholarship, Warner’s book patiently reconstructs the political networks and nodes of revolutionary America. He brings together what we know about the communicative practices of the period to tell a new story about the modernity of eighteenth-century politics.”

—Eric Slauter, University of Chicago

CLOTH \$45.00

### The Future of Illusion

Political Theology and Early Modern Texts

Victoria Kahn

“As we, in late modernity, grapple with our own theological-political predicament, Victoria Kahn fearlessly interrogates early twentieth-century engagements with many of the early-modern authors who gave the religion-politics dilemma its definitive form. Kahn’s interpretive moves and conclusions are always enlightening and often exciting.”

—John P. McCormack, University of Chicago

CLOTH \$45.00

### Dante and the Limits of the Law

Justin Steinberg

“Written with grit and polemical brio, Justin Steinberg’s book takes readers into the technical world of medieval legal conventions as they appear and even shape the vast and detailed legal system of Dante’s *Divine Comedy*.

The cogent and absolutely persuasive *Dante and the Limits of the Law* makes a significant contribution to our understanding of the poem.”

—Giuseppe Mazzotta, Yale University

### Dreaming in Books

The Making of the Bibliographic Imagination in the Romantic Age

Andrew Piper

“*Dreaming in Books* opens a new understanding of the history of the book as simultaneously historical and literary. With its scope and meticulous research, it documents the way the technologies of book production become ways to structure culture itself.”

—Barbara M. Benedict, Trinity College
