Now you can lift depression with the body in mind

Site-specific 'Cipramil' addresses four key dimensions of antidepressant therapy:

Cipramil
citalopram

Specifically treating depression

Lundbeck

Research for a better life

Abbreviated Prescribing Information

Presentation: 'Cipramil' tablets. PL 0458/0058, each containing 20mg of citalopram as the hydrobromide. 28 (OP) 20mg tablets £21.28.

Indications: Treatment of depressive illness in the initial phase and as maintenance against relapse/recurrence. **Dosage: Adults:** 20mg a day. Depending upon individual patient response, this may be increased in 20mg increments to a maximum of 60mg. Tablets should not be chewed, and should be taken as a single oral daily dose, in the morning or evening without regard for food. **Elderly:** 20mg a day increasing to a maximum of 40mg dependent upon individual patient response. **Children:** Not recommended. Restrict dosage to lower end of range in hepatic impairment. Dosage adjustment not necessary in cases of mild/moderate renal impairment. No information available in severe renal impairment (creatinine clearance <20ml/min). **Contra-indications:** Combined use of 5-HT agonists. Hypersensitivity to citalopram. **Pregnancy and Lactation:** Safety during human pregnancy and lactation has not been established. Use only if potential benefit outweighs possible risk. **Precautions:** Driving and operating machinery. History of mania. Caution in patients at risk of cardiac arrhythmias. Do not use with or within 14 days of MAO inhibitors: leave a seven day gap before starting MAO inhibitor treatment. **Drug Interactions:** MAO inhibitors (see Precautions). Use with lithium and

tryptophan with caution. Routine monitoring of lithium levels need not be adjusted. Alcohol is not advised. **Adverse Events:** Most commonly nausea, sweating, tremor, somnolence and dry mouth. **Overdosage:** Symptoms have included somnolence, coma, sinus tachycardia, occasional nodal rhythm, episode of grand mal convulsion, nausea, vomiting, sweating and hyperventilation. No specific antidote. Treatment is symptomatic and supportive. Early gastric lavage suggested. **Legal Category:** POM 24.1.95. Further information available upon request. Product licence holder: Lundbeck Ltd, Sunningdale House, Caldecotte Lake Business Park, Caldecotte, Milton Keynes, MK7 8LF. 'Cipramil' is a trademark. © 1995 Lundbeck Ltd. Date of preparation: May 1995
