

Effect of restricted postnatal nutrition on the growth rate and carcass composition of fattening lambs. By M. J. LAWLOR, M. A. CARROLL and D. B. R. POOLE	12A
Factors affecting the melting point and fatty acid composition in the carcass fat of lambs given cereal-rich diets. By J. L. L'ESTRANGE and C. SPILLANE	12A
Food intake and utilization by growing lambs with parasitic damage to the abomasum or small intestine. By A. R. SYKES and R. L. COOP	13A
The eating behaviour of steers offered grass silage <i>ad lib.</i> in troughs with and without a barley supplement. By R. K. WILSON and A. V. FLYNN	15A
Some non-protein nitrogen compounds in silage and their metabolism in the bovine rumen. By T. W. GRIFFITHS and R. K. WILSON	16A
Observations on the ensilage and feeding to sheep of partially dewatered rumen contents. By R. K. WILSON, W. SHEEHAN and M. F. MAGUIRE	17A
Effects of dietary hydrochloric acid on voluntary food intake of rats. By J. L. L'ESTRANGE and P. K. UPTON	18A
A comparison between the effects of dietary hydrochloric and lactic acids in the rat. By P. K. UPTON and J. L. L'ESTRANGE	19A
Effects of high intakes of dietary sodium sulphate and sodium chloride on voluntary food intake of rats. By P. K. UPTON and J. L. L'ESTRANGE	20A
The effect of dietary molybdenum and sulphate on plasma copper distribution in sheep. By I. BREMNER	21A
Predicting the effects of dietary molybdenum and sulphur on the availability of copper to ruminants. By N. F. SUTTLE and M. MC LAUCHLAN	22A
An approach to the rapid measurement of 'reactive lysine' in foods by dye binding. By R. F. HURRELL and K. J. CARPENTER	23A
Dietary habits of lactating women and infant feeding practices in the Mid-Western State of Nigeria. By OSAFU OGBEIDE	25A

*Two Hundred and Eighty-fifth Scientific Meeting  
University of Reading  
26 SEPTEMBER 1975*

Carbohydrases in the small intestine mucosa of the pig. By D. E. KIDDER and M. J. MANNERS	26A
Lactic acid utilization by the baby pig. By ANNE CHRISTIE and P. D. CRANWELL	27A
Gastric secretion in the young pig. By P. D. CRANWELL and D. A. TITCHEN	28A
Preparation and utilization of isolated hepatocytes for the study of sheep liver metabolism. By R. ASH, K. R. F. ELLIOTT and C. I. POGSON	29A
Hepatic gluconogenesis in foetal and suckling lambs. By P. M. J. SAVAN, MARJORIE K. JEACOCK and D. A. L. SHEPHERD	30A
Inhibition of the biohydrogenation of dietary C <sub>18</sub> unsaturated fatty acids by rumen bacteria using some inhibitors of methanogenesis. By P. KEMP and D. J. LANDER	31A
Absorption of magnesium in the stomach of the ruminant. By JANE P. HORN and R. H. SMITH	32A
The influence of sulphur compounds on the availability of lead to rats. By J. QUARTERMAN, W. R. HUMPHRIES and J. N. MORRISON	33A
Selenium levels in human blood in New Zealand. By MARION F. ROBINSON, HEATHER REA and R. D. H. STEWART	34A
Leaf-protein concentrate as a source of minerals. By W. BRAY	35A
The influence of home diets and eating habits on primary school children's nutritional status. By SUSAN THOMAS and R. C. OSNER	36A
The effect of dietary tryptophan on the regulation of lipid metabolism in rats. By R. B. FEARS and E. MURRELL	37A
Effects of wheat bran and a mould ( <i>Fusarium</i> ) on cholesterol excretion in rats. By D. E. OWEN, K. A. MUNDAY, T. G. TAYLOR and M. R. TURNER	38A
The fraction of microbial nitrogen entering the duodenum of sheep. By J. R. LING and P. J. BUTTERY	39A
Rates of rumen fermentation in relation to ammonia concentration. By A. Z. MEHREZ and E. R. ØRSKOV	40A
A comparison of the efficiency of urea and ammonium salts as non-protein-nitrogen supplements for sheep rations. By N. W. OFFER, R. F. E. AXFORD and R. A. EVANS	41A
Effect of formaldehyde treatment of dietary casein on amounts and composition of nitrogenous compounds entering the small intestine of the ruminant calf. By A. P. WILLIAMS and R. H. SMITH	42A
Microbiological assay of tryptophan in proteins. By K. J. SCOTT	43A
Determination of lysine in barley by a modified dye-binding procedure. By G. P. JONES and A. L. LAKIN	44A
Myofibrillar protein breakdown in the rat. By L. C. WARD, P. J. BUTTERY and K. N. BOORMAN	45A
Muscle and liver protein metabolism in rats treated with glucocorticoids. By D. J. MILLWARD, D. O. NNANYELUGO, P. BATES and C. R. C. HEARD	47A
Estimation of muscle leucine oxidation in the perfused hind-limb of the rat: effect of feeding with a protein-free diet. By R. D. SKETCHER and W. P. T. JAMES	48A
The stationary nature of variation in daily nitrogen balance. By P. V. SUKHATME	49A

# Proceedings of the Nutrition Society

## CONTENTS OF VOL. 35, No. 1, MAY 1976

### SYMPOSIUM PROCEEDINGS

*Two Hundred and Eighty-third Scientific Meeting*

*One Hundred and Thirteenth Scottish Meeting*

*Trinity College, Dublin*

6 SEPTEMBER 1975

SOME ASPECTS OF DIET AND HEALTH

*Chairman: PROFESSOR J. R. TODD, Department of Agricultural Chemistry, Queen's University, Belfast*

	PAGE
A comparative look at recommended nutrient intakes. By A. S. TRUSWELL ... ..	1
Trace elements: adventitious yet essential dietary ingredients. By J. K. CHESTERS ... ..	15
Vitamins in Western diets. By R. A. MORTON ... ..	23

*Chairman: PROFESSOR C. W. M. WILSON, Department of Pharmacology, University College, Dublin*

The dietary treatment of inborn errors of metabolism. By L. I. WOOLF ... ..	31
Nutritional defects in patients with malabsorption. By C. F. MCCARTHY ... ..	37
Parenteral nutrition in surgery. By T. V. KEAVENY ... ..	41

*Two Hundred and Eighty-fourth Scientific Meeting*

*University of Reading*

25 SEPTEMBER 1975

QUANTITATIVE ASPECTS OF PIG NUTRITION

*Chairman: DR R. BRAUDE, National Institute for Research in Dairying, Shinfield, Reading*

The development of digestive function in the pig. By M. J. MANNERS ... ..	49
Digestion and absorption of nutrients in growing pigs. By A. G. LOW ... ..	57
Regulation of food intake. By F. R. BELL ... ..	63
Quantitative studies on taste preference in pigs. By B. A. BALDWIN ... ..	69
Some aspects of energy utilization for the production of lean tissue in the pig. By V. R. FOWLER ... ..	75

*Chairman: DR ELSIE WIDDOWSON, Department of Investigative Medicine, Downing Street, Cambridge*

Heat loss in relation to plane of nutrition and thermal environment. By L. E. MOUNT ... ..	81
Amino acid requirements. By D. LEWIS and D. J. A. COLE ... ..	87
New sources of protein for pigs. By R. BRAUDE ... ..	93

*Two Hundred and Eighty-sixth Scientific Meeting*

*One Hundred and Fourteenth Scottish Meeting*

*Queen Margaret College, Edinburgh*

7 NOVEMBER 1975

NUTRITION EDUCATION\*

*Chairman: PROFESSOR J. H. STRONG, Department of Medicine, University of Edinburgh*

Nutrition education in Scottish schools. By HAZEL MITCHELL ... ..	103
Nutrition education: higher education. By MARY E. LONERGAN and DOREEN A. PARRY ... ..	109
Nutrition education at the university level. By K. J. CARPENTER ... ..	117
Nutrition education for the elderly. By LOUISE DAVIES ... ..	125
Nutrition education in the context of early childhood malnutrition in low-resource communities. By J. P. STANFIELD ... ..	131
Perspectives and strategies for effective nutrition education. By D. J. ODDY ... ..	139

### ABSTRACTS OF COMMUNICATIONS

*Two Hundred and Eighty-second Scientific Meeting*

*One Hundred and Twelfth Scottish Meeting*

*Trinity College, Dublin*

5 SEPTEMBER 1975

Food and nutrient consumption trends in Ireland 1961-71: a decade of change. By FRANK M. CREMIN and PATRICK A. MORRISSEY ... ..	1A
A study of energy balance on ten male Ethiopian labourers on low energy intakes. By J. V. G. A. DURNIN, J. WOMERSLEY and R. CAMPBELL ... ..	1A
Oral glucose tolerance test results in various eating disorders. By A. DARRAGH ... ..	2A
Obesity and anorexia nervosa in relation to pituitary function. By J. G. DEVLIN ... ..	3A
Fasting metabolic rate of overweight adult rats. By K. J. MCCrackEN ... ..	3A
Dietary control of hyperlipidaemia. By VIVIEN REID, I. GRAHAM, N. HICKEY and R. MULCAHY ... ..	3A
The effects of pregnancy on uptake and distribution of copper in the rat. By N. T. DAVIES and R. B. WILLIAMS ... ..	4A
Zinc absorption in pregnancy and lactation. By N. T. DAVIES and R. B. WILLIAMS ... ..	5A
Leaf protein concentrate as a source of vitamins. By WALTER BRAY ... ..	6A
The effect of vitamin C-deficient diet and leptazol on the regional distribution of brain ascorbic acid in guinea-pigs. By A. ODUMOSU and C. W. M. WILSON ... ..	7A
The metabolism of ascorbic acid in rheumatoid arthritis. By A. MULLEN and C. W. M. WILSON ... ..	8A
Ascorbic acid values in malignant disease. By S. C. KARAR and C. W. M. WILSON ... ..	9A
Effect of pharmacological doses of ascorbic acid on copper acetate-induced ovulation in the rabbit. By S. C. SHARMA, P. ROBINSON and C. W. M. WILSON ... ..	10A

CAMBRIDGE UNIVERSITY PRESS  
Bentley House, 200 Euston Road, London NW1 2DB  
32 East 57th Street, New York, N.Y. 10022

\*Copies of this complete symposium may be obtained from:  
Professor T. G. Taylor (The Nutrition Society), c/o Dept  
of Physiology & Biochemistry, Medical & Biological  
Sciences Building, The University, Southampton SO9 3TU.  
The cost is £1.00 (\$2.50). Remittance should be sent with  
the order. Cheques or Postal Orders should be made  
payable to 'The Nutrition Society'.

Lampert Gilbert Printers Ltd, Reading, England.
