

EUROPEAN REVIEW

Instructions for contributors

Editorial policy

Each issue of *European Review* includes a wide range of articles and features of immediate interest to an intellectual readership worldwide. The journal aims to stimulate and develop thoughtful debate with contributions from distinguished writers in academic, professional and public life. *European Review* continues to be a stimulating forum for the exchange of ideas and information.

Submissions

Manuscripts for consideration should be submitted online at: <https://mc.manuscriptcentral.com/european-review>

The standard size of articles is 4,000–6,000 words unless otherwise agreed with the EIC.

Submissions should be in Word. Submission of a paper will be taken to imply that it is unpublished and is not being considered for publication elsewhere. Upon acceptance of a paper, the author will be asked to assign copyright (on certain conditions) to the Academia Europaea. Contributors are responsible for obtaining permission to reproduce any material in which they do not hold copyright. Before you submit your typescript, please check it carefully for factual accuracy and stylistic consistency. Special care should be taken in checking quotations and bibliographical references for accuracy, especially spelling, accents, page and line numbers.

Manuscripts preparation

Contributors should submit 1 copy of manuscripts to the editor in Word format – this should include all artwork. Files should be named ERWsmith1.doc or ERWsmith1.pdf. Final manuscripts should be submitted in the same way, the name should be changed to ERWsmith2.doc or pdf. Final figures can be submitted as eps or tif files, or jpeg files if the content does not contain a lot of tonal material. Names should use the convention ERWsmithfig1.eps

The publisher reserves the right to typeset material by conventional means if author's files prove unsatisfactory.

Layout of manuscript

The title should be brief. It should appear on a separate sheet, with the author's name typed on the line below the title. Papers should be subdivided into sections and, if necessary, subsections. Authors should submit a brief autobiography of 75–100 words along with the paper.

Mathematical symbols may be hand-written or typed. Greek letters and unusual signs should be identified separately in the margin. Distinction should be made between letter o and zero, between letter l and number 1 and prime. All abbreviations should be preceded the first time they appear by the full name. Boldface, spacing, and italics for emphasis are to be avoided; the latter are to be used, though, for words taken over from other languages and not integrated in the language of the text.

Footnotes are not acceptable, endnotes should be substituted but should be separate from references. They should be indicated in the text by superior lower case letters.

Illustrations

For important detailed information on the submission of images and figures please refer to <http://journals.cambridge.org/ImageGuidelines>. Relevant illustrations are welcomed. Colour illustrations will be used in the online version and will appear in black and white in print unless arrangements are made with the production editor, in which case there is a charge of £200 per figure. It is the author's responsibility to provide us with full details about the picture source and to obtain from publishers or other relevant individuals permission to reproduce material. Mark the number in the text margin where you hope

each illustration may appear (e.g. Fig. 1 near here). Supply a separate numbered list of captions, doublespaced, with the provenance of the illustration and any required acknowledgement. Artwork should be named according to the convention ERWSmith1.eps where the number is the figure number. Tables, graphs, maps and line drawings should all be provided on separate sheets.

References

Each time a reference is made to a document or source, author surname and year (and page number where appropriate) should appear in parentheses. No need to include ed. or eds. If the text is already in parentheses, put a semicolon before the reference to avoid having brackets within brackets if possible:
