

Leonardo da Vinci (1452-1519) ... painter, inventor, engineer, craftsman ... spent a lifetime in the pursuit of excellence. Ambu's continuing search also combines art, science and human engineering to a unique degree.

Quality

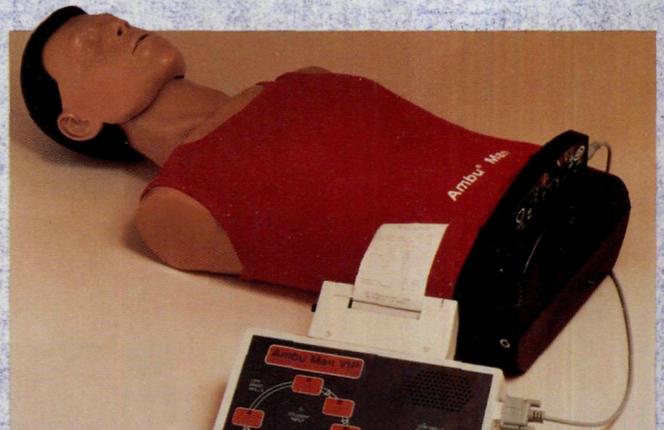

The Ambu Mark III Resuscitator

The Ambu Res-Cue Key

The Ambu Baby Resuscitator

The VIP Ambu Man
(available full body)

As the company which developed the **FIRST** resuscitator bag, AMBU is the name known for innovation and quality in the field of emergency medicine.

QUALITY in their resuscitators, where design and engineering integrity has positioned AMBU as the leader in emergency ventilation and resuscitation.

QUALITY in CPR training. The state-of-art VIP AMBU MAN gives students the best, most effective CPR training practice possible.

QUALITY in personal hygiene. The new, Res-Cue Key provides optimal hygiene during standard mouth-to-mouth resuscitation.

QUALITY that has placed AMBU as a world leader in emergency medicine.

*Where Innovation
is a Tradition*

The world's # 1 AED
Now Offers Optional Strip Chart

Heartstart® 3000 QR

Comprehensive Patient Documentation!

The Heartstart 3000

has always integrated all critical ECG and device data and printed a comprehensive patient record.

Now the Heartstart 3000 QR with built in strip chart offers "immediate" on-scene documentation *in the field* or upon *hospital arrival*.

- **Superior Data Quality.**

All ECG data, times, device messages, and defibrillator shocks are prioritized, annotated and printed.

- **Smallest and Lightest.**

The Heartstart 3000QR weighs only 11.5 pounds and is the smallest defibrillator with a strip.

- **Versatility.**

Programmability, manual override and "event mark" capability for system wide application.
