

35TH ANNIVERSARY EDITION

THE
ECONOMIST'S
VIEW
OF
THE WORLD
*And the Quest
for Well-Being*

9781108845946 | Hardback | October 2021 | £20 / \$27.95

“In this remarkable book, Steven Rhoads explains how economists perceive the world. In so doing, he reveals both the truths and limitations of the discipline. Non-economists should read the book, in order to understand what economists know. But economists should also read it, in order to understand what they do not.”
Martin Wolf, Chief Economics Commentator,
Financial Times (London)

“A superb tour of the economist’s mind, thoughtful and thought-provoking from beginning to end.”
N. Gregory Mankiw, Robert M. Beren Professor of Economics, Harvard University, and author of *Principles of Economics*

“I loved the 1985 edition, which was my first introduction to the distinctive way economists see the world. The new edition retains the virtues of the early one with updated content.”
Daniel Kahneman, Higgins Professor of Psychology Emeritus at Princeton University, winner of the Nobel Prize in Economic Sciences and author of *Thinking, Fast and Slow*.

Economics

Books and Journals from
Cambridge University Press

Cambridge's economics list is renowned for the breadth and quality of its publishing.

Our book list is home to the work of some of the most important economists in the history of the discipline, most notably John Maynard Keynes, as well as the work of almost 30 Sveriges Riksbank Nobel Prize laureates, including Kenneth Arrow, Herbert Simon, Robert Solow and Joseph Stiglitz.

This is complemented by a cluster of key journals such as *Econometric Theory*, *Journal of Economic History* and *Journal of Financial and Quantitative Analysis*.

AFTER THE VIRUS

Lessons from the Past
for a Better Future

Hilary Cooper and Simon Szreter | Paperback | c. £12.99 / c. \$15.99

After the Virus is a provocative manifesto for change post-COVID-19. Shining a light on the deep fractures in our society, Hilary Cooper and Simon Szreter reveal why the UK was unable to respond effectively to the pandemic and what we can learn from our own history to forge a fairer, more resilient future.

“It should be in the hands of everyone in the country, particularly in Parliament, who cares about, and has responsibility for, our future.”

Sir David King, former UK Chief Scientific Adviser and Climate Envoy, Chair of Independent SAGE

“What lessons does the past hold for shaping a better post-pandemic future? This book, with its powerful account of the intolerable inequalities of the present, argues for a revival of the moral foundations of the successful social contracts of earlier periods of British history.”

Diane Coyle, author of *Markets, State and People: Economics for Public Policy*

“Impressive analysis of how 40 years of neoliberalism severely increased inequalities and the impact of the pandemic, and how a secure, mutually supportive society with a strong economy can be restored. Let’s hope our government finds it inspiring and acts accordingly.”

Pat Thane, author of *Divided Kingdom. A History of Britain, 1900 to the Present*
