Meinong's Theory of Objects and Values

J. N. FINDLAY

A study of the important 'Theory of Objects' (or objectivist theory of logical categories) put forward by Alexius Meinong (1853-1930) which influenced the thought of Russell, Moore, Broad, Ryle, Kneale, and many other philosophers in England and America.

Human Acts

An Essay in their Moral Evaluation

ERIC D'ARCY

A study of the several elements of a human act which are relevant to its characterization in moral discourse, and to its moral evaluation. Dr D'Arcy takes Bentham's treatment of the problem as his starting-point, although his method and conclusions are considerably different. *25s net*

Pierre Bayle & Voltaire

H. T. MASON

It has long been a matter for debate whether Pierre Bayle had any discernible influence upon the evolution of Voltaire's thought. This study attempts to demonstrate that there was such an influence, and that it was deep, lasting, and extensive. *30s net*

The Life and Teaching of Nāropa

Translated from the original Tibetan with a Philosophical Commentary based on the Oral Transmission by

HERBERT V. GUENTHER

The Indian pandit Nāropa plays an important role in the history of Buddhism. The biography translated in this volume describes with great psychological insight Nāropa's spiritual development from an intellectually orientated pandit to a deeply religious person. It also contains a detailed analysis of his teaching. *63s net*
