

REFERENCE LIBRARY SEEKS PUBLICATIONS

The combined reference library of The Kaffrarian Museum and The South African Missionary Museum in King William's Town comprises journals and books on natural history and history. These publications are made available without any discrimination to anybody who requires them for reference work.

Unfortunately, due to shortage of funds, I cannot spend more than R100-00 (roughly 124 American dollars) per annum on the purchase of publications. I supplement this with publications offered by other libraries in disposal lists. A limited number of books are received as donations.

Some of you may be willing to assist in the development of this reference library by making publications available. Donations of books (non-fiction) and journals will be of great value in promoting education here.

LETTER OF CONDOLENCE TO MRS. JAMES H. ROBINSON

November 15, 1972

Dear Mrs. Robinson:

The following statement was unanimously adopted at the Annual Meeting of the African Studies Association:

We are deeply saddened to learn of the death of Dr. James Robinson, whose life in so many ways fostered creative relationships between North Americans and Africans. As members of the African Studies Association, we are grateful for his initiative in founding and sustaining Operation Crossroads Africa and for the opportunity which the Crossroads experience provided hundreds of Americans and Canadians to gain a new appreciation for Africa.

Dr. Robinson's clear vision of human potential, his inspiring personality, and his abiding love for his fellow man have had a powerful impact on more people than he may ever have realized.

The Board of Directors has asked me, on behalf of the Association, to enclose a contribution to the James Robinson Memorial Fund.

*Sincerely,
Immanuel Wallerstein
President*

Dear Dr. Wallerstein:

I deeply appreciate the contribution of \$250.00 to the James H. Robinson Memorial Fund from the African Studies Association. An official receipt will be sent from the Crossroads Office.

The many messages of condolence on Dr. Robinson's passing have been a great source of comfort to me. My heart is heavy now, but I rejoice in the knowledge that he touched so many lives across our country and the world -- and that much of his spirit remains to be reflected in others' work toward making this a better world for all mankind.
