*Medical History* is devoted to all aspects of the history of medicine, but is concerned primarily with the evolution of scientific and social concepts in medicine, as well as with the many disciplines such as economics, ethnology, literature, philosophy, politics, theology, science, technology, etc., that impinge upon it. It is published quarterly in January, April, July, and October.

#### EDITORIAL OFFICE

Manuscripts, review copies of books, and all editorial correspondence should be addressed to The Editors, *Medical History*, Wellcome Institute for the History of Medicine, 183 Euston Road, London NW1 2BE, UK.

#### SUBSCRIPTIONS, SALES, AND ADVERTISING

Enquiries regarding institutional subscriptions, orders for the annual *Supplement*, and advertising should be addressed to Professional & Scientific Publications, BMA House, Tavistock Square, London WC1H 9JR, UK.

#### ANNUAL SUBSCRIPTION RATES

Individuals wishing to subscribe to *Medical History* should write to Tracey Wickham, Wellcome Institute, Wellcome Building, 183 Euston Road, London NW1 2BE, UK. The individual subscription rate which includes membership of The Friends of the Wellcome Institute is £30.00 (UK), £34.00 (overseas).

Institutional subscribers (*Medical History* only) £78 (single rate worldwide); \$120 (USA, direct orders only).

Institutional subscribers (*Medical History* and annual *Supplement*) £110 (single rate worldwide), \$170 (USA, direct orders only).

All subscribers (annual *Supplement*) £32 (single rate worldwide); \$50 (USA, direct orders only). (Airmail rates on request.)

*Single issues* of the current and previous volumes may be purchased at £12.00 (including postage) each. *Note:* Pre-1966 issues are not available. 1966-1990 issues, where available, may be obtained by direct application to the Wellcome Institute Library, 183 Euston Road, London NW1 2BE, UK. Issues from

1991 onwards may be obtained from Professional & Scientific Publications, BMA House, Tavistock Square, London WC1H 9JR, UK.

*Microform* (16mm microfilm, 35mm microfilm, 105mm microfiche) and *photocopies* are available from University Microfilms International, 300 North Zeeb Road, Ann Arbor, Michigan 48106, USA. *Photocopies* also available from UnCover Company, 3801 E Florida, Suite 200, Denver, CO 80210, USA.

#### INFORMATION FOR CONTRIBUTORS

Articles should not exceed 10,000 words in length. Editions of previously unpublished texts and documents as well as short papers will also be considered for publication. No paper will be considered if it is not satisfactorily documented. The Editors reserve the right to make stylistic or bibliographical emendations.

The following notes are not intended to be comprehensive: would-be contributors are strongly recommended to use the style sheet, available from the Assistant Editor, for guidance. Manuscripts must be submitted in duplicate, with double spacing and wide margins: the author should retain a copy. *References* must be typed with double spacing and arranged by number in order of their citation in the text: strict adherence to the standard form is required. Two *illustrations* are allowed free of charge, at the Editors' discretion; any in addition will be charged to the author. Each caption must include particulars of the source of the illustration and should be typed on a separate sheet.

Each contributor will receive a *proof*, which should be corrected and returned to the Assistant Editor as quickly as possible. Any changes other than the correction of typographical errors will be charged to the author. Authors will receive 25 *offprints*, and a copy of the journal, free of charge.

# 50 years of Clinical Trials: Past, Present and Future

Thursday 29 – Friday 30 October 1998

Westminster Central Hall, London

## CALL FOR PAPERS

This international multi-disciplinary conference will examine all aspects of the past, present, and future of clinical trials. The year will cover the history, evolution, parallel events, diagnosis, and presentation of selected areas of research. The conference will include abstracts, presentations and posters.

### Aims of the Conference

- To examine the role of the pharmaceutical industry in the development of clinical trials
- To discuss the role of statistics in clinical trials and the impact of clinical trials on the pharmaceutical industry
- To discuss the role of clinical trials in the development of new drugs and the impact of clinical trials on the pharmaceutical industry
- To discuss the role of clinical trials in the development of new drugs and the impact of clinical trials on the pharmaceutical industry

### Themes

- The history of clinical trials
- The evolution of clinical trials
- The impact of clinical trials on the pharmaceutical industry
- The role of statistics in clinical trials
- The role of clinical trials in the development of new drugs
- The impact of clinical trials on the pharmaceutical industry

### ● The role of clinical trials in the development of new drugs

### ● The impact of clinical trials on the pharmaceutical industry

### ● The role of statistics in clinical trials

### ● The role of clinical trials in the development of new drugs

### ● The impact of clinical trials on the pharmaceutical industry

### ● The role of statistics in clinical trials

### ● The role of clinical trials in the development of new drugs

### ● The impact of clinical trials on the pharmaceutical industry

### ● The role of statistics in clinical trials

### ● The role of clinical trials in the development of new drugs

### ● The impact of clinical trials on the pharmaceutical industry
