

## THE CLASSICAL ASSOCIATION

THE objects of the Classical Association are to promote the development and maintain the well-being of classical studies, and in particular (a) to impress upon public opinion the claim of such studies to an eminent place in the national scheme of education; (b) to improve the practice of classical teaching; (c) to encourage investigation and call attention to new discoveries; (d) to create opportunities for intercourse among lovers of classical learning.

Membership of the Association is open to men and women alike. The annual subscription is 5s. (life composition, £3 15s.), and there is an entrance fee of 5s. (not charged to Libraries). Members receive a copy of the annual *Proceedings* of the Association and, on payment of 2s. 6d., of *The Year's Work in Classical Studies* (both post free). They may also obtain the *Classical Review* and *Classical Quarterly* at reduced prices, provided that the subscriptions be paid before January 31st in each year. Subscriptions sent in later than that date must be at the rates offered to the general public.

Inquiries and applications for membership should be addressed to the Hon. Treasurer, Mr. H. F. Hose, Dulwich College, S.E. 21; or to either of the Hon. Secretaries, Dr. E. Norman Gardiner, 186, Woodstock Road, Oxford, and Miss E. C. Gedge, Crayford Rectory, Kent; or to the Hon. Secretary of any of the district Branches—viz., Mr. F. H. Sandbach, The University, Manchester; Dr. G. A. Auden, Education Office, Margaret Street, Birmingham; Mr. R. B. ### A CONCISE ETYMOLOGICAL DICTIONARY OF MODERN ENGLISH

THIS is an abridgment of the author's *Etymological Dictionary of Modern English*. The process of compression has been carried out, not by omitting the less common words (for it is usually the uncommon word or the neologism that excites legitimate curiosity), but by making the explanations as brief as possible and by abstaining from the discussion of unsatisfying conjectures. It contains the whole of our literary and colloquial vocabulary, together with sufficient indications to show the origin of modern scientific terms. 7s. 6d. net.
