Law, Resistance, and the State The Opposition to Roman Law in Reformation Germany *Gerald Strauss*

"This well-conceived, beautifully written book is the best work I have ever read on the Reformation and the rise of the modern state. It marries a graceful style to very subtle psychological insights, a firm grasp of political reality, and a deep though not uncritical sympathy for ordinary people."

Godparents and Kinship in Early Medieval Europe *Joseph H. Lynch*

Between A.D. 200 and 1000, sponsorship at baptism evolved from a simple liturgical act into a mechanism for the creation of enduring relationships regarded as especially holy forms of kinship. Combining anthropological, historical, theological, and literary approaches, Joseph Lynch presents a comprehensive analysis of the origins and development in Western society of this "spiritual" kinship. \$49.00

Sex and the Penitentials

The Development of a Sexual Code 550–1150

Pierre J. Payer

The sexual ethic of the early Christian church is illuminated in this examination of the confessional manual, beginning with the early Irish origins of the Penitentials in the sixth century, through their ninth-century descendants in continental Europe and Anglo-Saxon England, to the great legal collections of the tenth to twelfth centuries.

'A meticulous and learned model of scholarship ... leavened by dry, gentle humour.' *The Globe and Mail*
