

Monitoring and surveillance

Time trends and social inequalities in infant and young child feeding practices: national estimates from Brazil's Food and Nutrition Surveillance System, 2008–2019
Giesy Ribeiro de Souza, Rita de Cássia Ribeiro-Silva Mariana Santos Felisbino-Mendes, Natanael de Jesus Silva, Rafaella da Costa Santin de Andrade, Jéssica Pedrosa, Ana Maria Spaniol, Gisele Ane Bortolini, Eduardo Augusto Fernandes Nilson, Sara Araújo da Silva, Bárbara Hatzlhofer Lourenço, Aline dos Santos Rocha, Ila Rocha Falcão, Maria Yury Travassos Ichihara, Dayana Rodrigues Farias and Maurício Lima Barreto 1731

Assessment and methodology

Purchase of ultra-processed foods in Norway: a repeated cross-sectional analysis of food sales in 2013 and 2019
Marie Michaelsen Bjøntegaard, Marianne Molin, Marit Kolby and Liv Elin Torheim 1743

Behavioural nutrition

Is the transition from primary to secondary school a risk factor for energy balance-related behaviours? A systematic review
Helga Emke, Coosje Dijkstra, Stef Kremers, Mai JM Chinapaw and Teatske Altenburg 1754

The association between the food environment and adherence to healthy diet quality: the Maastricht Study
Jeffrey Alexander Chan, Annemarie Koster, Simone JPM Eussen, Maria Gabriela M Pinho, Jeroen Lakerveld, Coen DA Stehouwer, Pieter C Dagnelie, Carla J van der Kallen, Marleen MJ van Greevenbroek, Anke Wesselius and Hans Bosma 1775

Consumption of highly processed foods in relation to overall diet quality among Japanese adults: a nationwide study
Nana Shinozaki, Kentaro Murakami, Keiko Asakura, Shizuko Masayasu and Satoshi Sasaki 1784

Adherence to the Mediterranean Diet in medical students
Sonia González-Sosa, Jose Juan Ruiz-Hernández, Alicia Puente-Fernández, José María Robaina-Bordón and Alicia Conde-Martel 1798

Nutritional epidemiology

Association between pre-pregnancy weight status and dietary patterns during pregnancy: results from the Japan Environment and Children's Study
Kazue Ishitsuka, Kiwako Yamamoto-Hanada, Hidetoshi Mezawa, Mayako Saito-Abe, Hatoko Sasaki, Minaho Nishizato, Miori Sato and Yukihiko Ohya, Japan Environment and Children's Study Group 1807

Socio-economic correlates of childhood obesity in urban and rural England
Elzbieta Titis, Jessica Di Salvatore and Rob Procter 1815

Dairy food consumption is beneficially linked with iodine status in US children and adults: National Health and Nutrition Examination Surveys 2001–2018
Yue Qin, Christopher J Cifelli, Sanjiv Agarwal and Victor L Fugoni 1828

Cross-sectional and prospective associations between behavioural patterns and adiposity in school-aged children
Ninoshka J D'Souza, Katherine Downing, Miaobing Zheng, Gavin Abbott, Sandrine Lioret, Karen J Campbell and Kylie D Hesketh 1840

Economics and environment

A longitudinal assessment of racial and ethnic inequities in food environment exposure and retail market concentration
Qianxia Jiang, Debarchana Ghosh, Sandro Steinbach and Kristen Cooksey Stowers 1850

Community nutrition

Comparison of foods and beverages served and consumed in Child and Adult Care Food Program-participating childcare centres to national guidelines
Rebecca S Mozaffarian, Sonia Carter, Mary C Bovenzi and Erica L Kenney 1862

Familial sources of encouragement and breast-feeding practices among women participating in the US Special Supplemental Nutrition Programme for Women, Infants and Children
Amara Channell Doig, Elizabeth M Aparicio and Sina Gallo 1871

Food insecurity during the COVID-19 pandemic who use drugs in Vancouver, Canada
Tyson Singh Kelsall, Kara DeBeck, Cameron Grant, Pamina Gorbach, M-J Milloy and Kanna Hayashi 1878

The association between language use and food insecurity among Hispanic adults residing in the USA depends on nativity
Miguel Angel Lopez, Melissa Fuster, Julia M Fleckman, Amy George and M Pia Chaparro 1887

Interventions

Choice architecture interventions promoting sustained healthier food choice and consumption by students in a secondary school setting: a systematic review of intervention studies
Eva Andrea Schulte, Gertrud Winkler, Christine Brombach and Anette E Buyken 1896

Caregiver perceptions of nutrition interventions in infants and children under 24 months of age: a systematic review
Isabella Stelle, Mai-Lei Woo Kinshella and Sophie E Moore 1907

Public policies

Weak regulations threaten the safety of consumers from harmful weight-loss supplements globally: results from a pilot global policy scan
Funmbi T Okoya, Monique Santoso, Amanda Raffoul, Maya Azar Atallah and S Bryn Austin 1917

Transportation and language access as crucial pillars for an immigrant-inclusive 21st-century food security program
Jin K Park and Stella S Yi 1925

Concerns about the 'corporate capture' of The Academy article
J Lauren Butler, Leia Downs, Cassandra M Johnson, Lindsey Menge, Ramona Salcedo Price, Sandy Roberts and Christy Youens 1930

Authors' response to the letter entitled 'Concerns about the "corporate capture" of The Academy article'
Angela Carriedo, Ilana Pinsky, Eric Crosbie, Gary Ruskin and Melissa Mialon 1932

Corrigendum

Socio-economic and agricultural factors associated with stunting of under 5-year children: findings from surveys in mountains, dry zone and delta regions of rural Myanmar (2016–2017) – CORRIGENDUM
Min Kyaw Htet, Tran Thanh Do, Thet Wah, Thant Zin, Myat Pan Hmone, Shahreen Raihana, Elizabeth Kirkwood, Lwin Mar Hlaing and Michael J Dibley 1934
