

## ERRATUM

ANIMAL PRODUCTION, Volume 20, part 3, p. 426

### A NOTE ON THE PREDICTION OF SILAGE INTAKE BY CATTLE

by I. R. RICHARDS and K. M. WOLTON

In equation (2) the coefficient of DMP should be *negative*  
(thus:  $SFWI = -0.358 \text{ DMP}$  etc.)

**Summary:** Every article should have a short summary (not more than 250 words) complete in itself and understandable without reference to the paper. *The summary will be printed at the beginning of the paper.*

**References:** Only papers closely related to the author's work should be referred to; exhaustive lists should be avoided. Bibliographical details should be in the following order: author's name, initials, year, title of paper, title of journal (abbreviated according to the World List of Scientific Periodicals), volume of journal, first and last page of paper. References should be listed in alphabetical order. When abstracts are referred to, the page reference should be followed by (Abstr.).

**Examples:**

BLAXTER, K. L. and WILSON, R. S. 1962. The voluntary intake of roughages by steers. *Anim. Prod.* 4: 351-358.

HAMMOND, J. 1932. *Growth and the Development of Mutton Qualities in the Sheep*. Oliver and Boyd, Edinburgh.

In the text, references should be made by giving author and year; at the first mention all authors should be named, thereafter the first author followed by *et al.* should be used for papers with more than two authors.

**Proofs** are supplied once and must be returned corrected to the Editors within seven days. Only essential corrections should be made.

**Reprints:** Twenty-five reprints of each paper will be supplied free to authors on request. Further copies may be purchased if the order is sent at the proof stage.

*Animal Production* is published six times a year in two volumes. Annual subscription is £14.00 (or \$42.00 in the U.S.A. and Canada) and the price for a single part is £2.50 (or \$7.50) net.

*Proceedings of the British Society of Animal Production* recommenced annual publication as a new series in 1972. Annual subscription is £2.50 (\$7.50 U.S. and Canada) or available with a joint subscription to *Animal Production* at £15.50 (\$46.50).

**Business matters**, including regular subscriptions and sales (current and back numbers of the Journal and the Proceedings) should be addressed to Longman Group, Journals Division, 43/45 Annandale Street, Edinburgh EH7 4AT.
