**T**HE African Life series is designed to help the African child in learning to speak and read English. The material, which is taken from his own surroundings, comes within the limits of his experience. The method behind the books is 'direct', based upon the principles of *see, say, do*. Its purpose is to enable the child to think and to express his thoughts in simple English, related to the world in which he lives. A Teachers' Manual discusses the classroom development of material in the Readers.
