UNIVERSITY OF GLASGOW
DEPARTMENT OF OTORHINOLARYNGOLOGY

WEEKEND COURSE ON SENSORINEURAL HEARING LOSS

A THEORETICAL and practical course on the surgical and medical management of patients with sensorineural hearing loss, sudden deafness, vertigo and tinnitus will be held on Saturday, 12th and Sunday, 13th May 1979. The course is primarily intended for Registrars and Senior Registrars in Otorhinolaryngological training. As such it is approved for study leave and expenses.

Further details from and applications to:

Mr. G. G. Browning, M.D., F.R.C.S.,
Senior Lecturer and Honorary Consultant,
Department of Otolaryngology,
Royal Infirmary,
Glasgow G4.

SIXTH GLASGOW TEMPORAL BONE DISSECTION COURSE

A THREE-DAY practical course in temporal bone dissection will be held over the weekend 18, 19 and 20 May, 1979.

This course is primarily designed for those in the Registrar and Senior Registrar grade. The course will comprise dissection of the temporal bone integrated with lectures on the indications, techniques and results of otological surgery and on the gross and histological anatomy of the temporal bone. This will be supplemented by televised surgical demonstrations.

Mr. A. Baxter, Consultant, Mr. G. G. Browning, Consultant and Senior Lecturer in Otolaryngology, University of Glasgow and Mr. A. M. Pettigrew, Senior Registrar, are the Course Lecturers. The Course will be held in the Temporal Bone Laboratory, Level 8, Phase 1, Western Infirmary, Glasgow G11 6NT. Accommodation can be arranged if desired. The Course fee is £60 and includes lunch, coffee and reception. The Course is recognized by the Scottish Committee for Postgraduate Medical Education and is therefore approved for study leave and expenses.

TEMPORAL BONE SURGICAL DISSECTION COURSE

THE Ear Research Institute announces a two-week Temporal Bone Surgical Dissection Course demonstrating the multiple approaches to the structures of the temporal bone as currently used by members of the Otologic Medical Group, Inc.

Each day the course members spend four hours in the dissection laboratory and four hours observing live colour telecasts of surgery which correlates with the dissection of the day. Evenings are devoted to lectures illustrated by slides and motion picture demonstrations. Video tapes in colour from the Institute's Otologic Seminar Library are available for study by course participants.

Twenty-four board certified or board eligible otolaryngologists and residents will be accepted in each course. Courses will be presented in March, April, June and October annually. Advance registrations for courses in 1980 and 1981 are now being accepted. The tuition fee for otolaryngologists is \$1,200 and for residents \$900 in United States currency. Applications of residents must be accompanied by a letter from their Chief of Service.

For further information address communications to: Antonio De La Cruz, M.D., Director, Temporal Bone Surgical Dissection Course, Ear Research Institute, 256 South Lake Street, Los Angeles, CA 90057.
