Notice to contributors

International Psychiatry publishes original
and scientific articles, country profiles and
points of view, dealing with the policy
and promotion of mental health, the
administration and management of mental
health services, and training in psychiatry
around the world. Correspondence as well as
items for the news and notes column will also
be considered for publication.

Manuscripts for publication must be
submitted electronically to the Editor
(hghodse@sghms.ac.uk), with a copy sent
to the Secretariat (ip@rcpsych.ac.uk). The
maximum length for papers is 1500 words;
correspondence should not be longer than
500 words. The Harvard system of referencing
should be used.

A declaration of interest must be given and
should list fees and grants from, employment
by, consultancy for, shared ownership in, or
any close relationship with, any organisation
whose interests, financial or otherwise,
may be affected by the publication of your
submission. This pertains to all the authors.

Manuscripts accepted for publication
are copy-edited to improve readability and
to ensure conformity with house style.
Contributions are accepted for publication
on the condition that their substance has not
been published or submitted elsewhere.

About our peer-review process

All articles submitted as 'special papers'
will be peer-reviewed to ensure that their
content, length and structure are appropriate
for the journal. Although not all papers
will be accepted for publication, our peer-
review process is intended to assist our
authors in producing articles for worldwide
dissemination. Wherever possible, our expert
panel of assessors will help authors to improve
their papers to maximise their impact when
published.

Mission of *International Psychiatry*

The journal is intended primarily as a platform
for authors from low- and middle-income
countries, sometimes writing in partnership
with colleagues elsewhere. Submissions from
authors from International Divisions of the
Royal College of Psychiatrists are particularly
encouraged.
