Information about editors and editorial board members correct as of [1st January] 2024. For the latest information please see <https://www.cambridge.org/core/journals/international-psychogeriatrics/information/editorial-board>

## Aims & Scope

*International Psychogeriatrics* is written by and for those doing clinical, teaching, and research work with older people. It is the official journal of the International Psychogeriatric Association (IPA) and is published by Cambridge University Press, Cambridge, UK. Although it is primarily concerned with psychogeriatrics, the journal welcomes contributions from all concerned with the field of mental health and aging. Original research papers are particularly sought.

**Issue Theme: Health inequities in health and social care in geriatric psychiatry**

## CONTENTS

### Editorial

- Health inequities in health and social care in geriatric psychiatry: from healthy aging to subjective cognitive decline and dementia** 519  
Clarissa Giebel

### Commentaries

- Struggling for access to suitable dementia care for individuals with dementia and unpaid carers** 522  
Martin Knapp and Nazak Salehi

- Understanding the influence of culture on caregiving process for people affected by dementia: an urgent call to end exclusion in mental health service delivery in the United Kingdom** 525  
Oládayò Bífárin and Zalihe Kamil-Thomas

- Dementia risk and cognitive decline: the impacts of socioeconomic status and modifiable risk factors from a longitudinal Maastricht Aging Study** 529  
James Watson

- Older people's mental health is more complex than urban-rural differences** 533  
Katarzyna M. Lion and Jenny Murfield

- Subjective cognitive difficulties may communicate more than forgetfulness** 536  
Gabiella Imbriano and Sherry A. Beaudreau

### Review Article

- A systematic review on inequalities in accessing and using community-based social care in dementia** 540  
Clarissa Giebel, Kerry Hanna, James Watson, Thomas Faulkner, Lena O'Connell, Sandra Smith, and Warren James Donnellan

### Original Research Article

- Equity in care and support provision for people affected by dementia: experiences of people from UK South Asian and White British backgrounds** 564  
Tiffany James, Naaheed Mukadam, Andrew Sommerlad, Samara Barrera-Caballero, and Gill Livingston

- Socioeconomic position, modifiable dementia risk and cognitive decline: results of 12-year Maastricht Aging Study** 574  
Irene Heger, Martin van Boxtel, Kay Deckers, Hans Bosma, Frans Verhey, and Sebastian Köhler

- Decomposition and comparative analysis of differences in depressive symptoms between urban and rural older adults: Evidence from a national survey** 587  
Lei Yuan, Qin Xu, Jing Gui, Yuqing Liu, Fuwang Lin, Zhe Zhao, and Jinhai Sun

- Subjective cognitive difficulties and posttraumatic stress disorder interact to increase suicide risk among middle-aged and older US military veterans** 599  
Monica Cations, Joan M. Cook, Brandon Nichter, Irina Esterlis, and Robert H. Pietrzak
