10. GANE, R. The effect of temperature, humidity and atmosphere on the viability of Chewing's Fescue grass seed in storage. (With One Text-figure)	90

The Journal of Agricultural Science is issued in quarterly parts of about 120 pages with plates and figures, four parts constituting a volume.

Volumes XVI-XX (1926-1930) are out of print. Quotations can be given for other back volumes and parts.

Quotations can also be given for buckram binding cases.

Papers for publication should be typewritten or written in a very legible hand, and may be sent to Dr F. H. A. MARSHALL, School of Agriculture, Cambridge, or to the associate Editors. Other communications should be addressed to the University Press, Cambridge.

Bibliography should be given under the heading of "References" in the following form:

Surname of authors (in alphabetical order), initials, date of publication (in brackets), title of Journal (abbreviated according to the *World List of Scientific Periodicals*), volume and pages of reference. In the text a reference should be quoted by the author's name and date (in brackets).

All names of Journals and books should be in italics.

Contributors will receive twenty-five copies of their papers free.

The subscription price for each volume, payable in advance, is 40s. net per volume (post free); single numbers 15s. net. Subscriptions may be sent to any Bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, London, N.W.1.

The Cambridge University Press has appointed the University of Chicago Press, agents for the sale of *The Journal of Agricultural Science* in the United States of America.

*Printed in Great Britain at the University Press, Cambridge
(Brooke Crutchley, University Printer)*
