JFQA Style Requirements

Send manuscripts via e-mail in PDF, Word, or LaTeX, or mail hard copy manuscripts in duplicate on 8.5" x 11" paper. The cover page must show title, author name(s) and affiliation(s), e-mail address(es), and work phone number(s). The first page of text should include the title and a one-paragraph abstract of no more than 100 words. Manuscripts must be double-spaced on one side of the page. All sections of the paper, beginning with the introduction and ending with a conclusion or summary, must be numbered with Roman numerals. Subsection headings must be lettered A, B, C, etc.

The manuscript should explain its relation to other research in the field, especially recently published material. References cited in the text should be noted by the last name(s) of the author(s) followed by the publication year enclosed in parentheses without punctuation: Smith (1988). When a particular page, section, or equation is referred to, the reference also should be placed within parentheses: (Smith and Jones (1988), p. 222), (Green (1988a), eq. 3).

Lengthy mathematical proofs and extensive tables should be placed in an appendix or omitted from the manuscript entirely. In the latter case, the author may indicate in a footnote that proofs or tables are available on request. The author should make every effort to explain the meaning of mathematical proofs.

The author should check the manuscript for clarity, grammar, spelling, and punctuation to minimize editorial changes and the necessity of extensive corrections at the proof stage. All abbreviations must be defined.

Equations. All but very short mathematical expressions should be displayed on a separate line and centered. Important displayed equations must be identified by consecutive Arabic numerals in parentheses on the left. Expressions should be aligned and subscripts and superscripts clearly marked to avoid confusion.

Tables. Each table must be titled and numbered consecutively with Arabic numerals. Please check the text to make sure there is a reference to each table. General footnotes should be marked a, b, c, etc., for specific footnotes. Asterisks * or ** indicate significance at the 5% and 1% levels, respectively. The author should check tables to be sure that totals are correct and that the title, column headings, and footnotes clearly explain the content of the table. If tables are on separate pages at the end of the article, indicate approximate placement within the text.

Figures. Figures must be titled and numbered consecutively with Arabic numerals. Captions should present sufficient information to describe the purpose of the figure. Figures for accepted manuscripts must be of professional quality and ready for reproduction.

Footnotes. Footnotes must be double-spaced. Footnotes must not be used for the purpose of citation. Footnotes with extensive content should be avoided.

References. All works cited in the text must be alphabetically arranged in a double-spaced list at the end of the manuscript. Examples:

Brown, S., and J. Warner. "Using Daily Stock Returns: The Case of Event Studies." *Journal of Financial Economics*, 14 (1985), 1–31.

Ross, S. A. "Return Risk and Arbitrage." In *Risk and Return in Finance*, Vol. I, I. Friend and J. L. Bicksler, eds. Cambridge, MA: Ballinger (1977).

STATEMENT OF OWNERSHIP, MANAGEMENT, AND CIRCULATION

The Journal of Financial and Quantitative Analysis (ISSN 0022-1090) is published quarterly (4 issues per year) by University of Washington School of Business Administration, a nonprofit organization located at 115 Lewis, Seattle, WA 98195-3200. The Managing Editor is Paul Malatesta, School of Business Administration, University of Washington, 115 Lewis, Box 353200, Seattle, WA 98195-3200. There are no known bondholders, mortgagees, or other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities. The purpose, function, and nonprofit status of this organization and the exempt status for federal income tax purposes have not changed during the preceding 12 months. The annual subscription price for the Journal of Financial and Quantitative Analysis is \$120/\$125 for institutions and \$55/\$60 for individuals. During the preceding 12 months, the average number of copies printed for each issue was 2,962; the average paid circulation 2,611; the average free distribution 71; the average number of copies distributed 2,682. Corresponding figures for the last issue before filing: total number of copies printed 2,850; total paid circulation 2,634; free copies distributed 71; total distribution 2,705. Average percent paid 97%; actual percent paid 97%.

I certify that the statements made by me above are correct and complete.

Ms. Marty Auvil
Editor, Journal of Financial and Quantitative Analysis

(This statement is for 2003.)

JFQA Journal of Financial and Quantitative Analysis

2003 Subscription Information

The Journal of Financial and Quantitative Analysis (JFQA) is published quarterly in March, June, September, and December by the School of Business Administration at the University of Washington in Seattle, Washington, U.S.A. Topics include corporate finance, investments, capital and security markets, and quantitative methods of particular relevance to financial researchers. With a circulation of 3000 libraries, firms, and individuals in 70 nations, the JFQA serves an international community of sophisticated finance scholars—academics and practitioners alike. The JFQA prints 10 to 12% of the more than 400 unsolicited manuscripts submitted annually. An intensive blind review process and exacting editorial standards contribute to the JFQA's reputation as a top finance journal.

Payment in advance is required. Checks or money orders must be payable to the JFQA in U.S. dollars for deposit in a U.S. bank. Subscriptions start with the next available issue unless otherwise requested. Upon request, electronic subscriptions are available in PDF files. Claims for missing issues must be made within six months of the publication date.

To inquire about permission to reprint or the availability of specific back issues (at a cost of \$25 per copy), contact the JFQA office.
