COUNCIL OF THE ROYAL COLLEGE OF SURGEONS

During the conference on 23 July, 1975, a special, public, meeting of the Council of the Royal College of Surgeons of England was held. Honorary Fellowship was conferred upon Dr. Howard P. House, of Los Angeles, in recognition of his unique contribution to otolaryngology, after a citation of honour had been read. Dr. House made a speech of thanks. A full record will be published in the Annals of the College.

ROYAL SOCIETY OF MEDICINE

Following established custom the Plenary Sessions of the 25 and 26 July were held in place of the Annual Summer Meeting of the combined Sections, the Chairmen being the Presidents of the Sections of Otology and Laryngology respectively.

During the Plenary Session on 25 July, 1975, under the Chairmanship of Mr. Stuart Mawson, Honorary Membership of the Section of Otology was conferred upon Professor H. F. Schuknecht, of Boston, in recognition of his outstanding contributions to otology.

GAVIN LIVINGSTONE MEMORIAL LECTURE

This was to have been given by Professor Eric H. Lenneberg of New York, whose death a few weeks before the Conference was sad news to all. The lecture was replaced in the programme at short notice by a fine presentation on the topic of Vertigo by Professor H. F. Schuknecht.
