*Submission Method:* All submissions must be made through the *Philosophy of Science* Editorial Manager website: <https://www.editorialmanager.com/phos>. All electronic files should be readable in Microsoft Word or formatted as TeX or LaTeX. (Special restrictions apply to TeX and LaTeX documents; please see the website for details.) *Manuscripts:* Submissions must not exceed 9,000 words, including abstract and footnotes, but not references; a word count must be submitted with each essay. Authors are strongly encouraged to employ a clear, reader-friendly writing style.

Discursive footnotes (consecutively numbered) should be kept to a minimum. Simple citations can be made in the text, by citing author and year of publication (with page number if necessary); a bibliography should appear on a separate page at the end. A detailed guide to the reference style appears on the website.

*Copyright:* Manuscripts should be submitted to *Philosophy of Science* with the understanding that upon acceptance for publication an exclusive license to publish will be granted to the Philosophy of Science Association.

*Book Reviews:* Books intended for review should be sent to the address given above. Persons wishing to review a book should contact the editorial office.
