## Amending America

If We Love the Constitution  
So Much, Why Do We Keep  
Trying to Change It?

**Richard B. Bernstein**  
with **Jerome Agel**

"A skillfully rendered, comprehensive, and engaging study of Article V's procedures for amending the Constitution." • *Washington Post*.  
416 pages. \$17.95

## Brandeis on Democracy

Edited by **Philippa Strum**

"A timely re-presentation that captures the full range and richness of Brandeis's writings in his own compelling words." • **James MacGregor Burns**, author of *The American Experiment*.

272 pages, illustrated. \$29.95 cloth,  
\$17.95 paper

## Popular Government and the Supreme Court

Securing the Public Good  
and Private Rights

**Lane V. Sunderland**

"A sophisticated, sensible, and much-needed reminder of the republican theory of our written Constitution."

• **Henry J. Abraham**, author of *The Judicial Process*. "Broadly illuminating. Sunderland defends in a most persuasive manner the controversial thesis that the Constitution has a meaningful theoretical content and ascertainable principles, and that the political wisdom it embodies is exactly what is needed in contemporary American politics if we are to preserve free institutions." • **Herman Belz**, coeditor of *To Form a More Perfect Union*.

Due in January 1996  
392 pages. \$40.00

## Founding Republics in France and America

A Study in Constitutional  
Governance

**John A. Rohr**

"Rohr is an outstanding scholar who has achieved something very uncommon with this comparative legal and intellectual history of the French and U.S. constitutions regarding public administration." • **David Rosenbloom**, author of *Public Administration and the Law*.

## Battles on the Bench

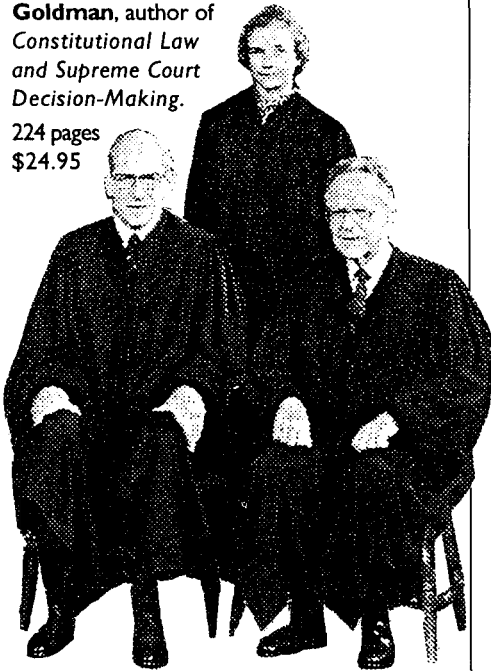

Conflict Inside the Supreme Court

**Phillip J. Cooper**

"A superb study of conflict in the Supreme Court. Cooper has done an excellent job of classifying the nature, types, and consequences of conflict on the Court, illustrating each with amusing, touching, gripping, and shocking anecdotes." • **Tinsley E. Yarbrough**, author of *John Marshall Harlan*.

"Cooper's book in some ways covers ground found in *The Brethren* but is superior to that book. He weaves a fascinating story with example after example placed within a rigorous analytical framework." • **Sheldon Goldman**, author of *Constitutional Law and Supreme Court Decision-Making*.

224 pages  
\$24.95

## A Time to Lose

Representing Kansas in  
*Brown v. Board of Education*

**Paul E. Wilson**

"A beautifully conceived memoir. Wilson was a decent young man who was part of an indecent system. Fifty years later, he is a decent old man telling his story. He tells it candidly, without flourish or fanfare, and we trust the reporting." • **Washington Post Book World**. "An impressive and moving memoir by a witness whose voice is both admirable and articulate."

• **David J. Garrow**, author of *Bearing the Cross*.

272 pages, illustrated. \$24.95

*New in Paperback*

## The Supreme Court and Constitutional Theory, 1953–1993

**Ronald Kahn**

"Boldly challenges not only many of the prevailing interpretations of the Supreme Court's jurisprudence, but also the way that many scholars look at the Court."

• **Walter F. Murphy**,  
Princeton University.

326 pages. \$35.00 cloth,  
\$17.95 paper

In several landmark decisions during the mid-1920s, the U.S. Supreme Court significantly expanded the scope of the Constitution's protection of individual freedom by striking down state laws designed to repress or even destroy private and parochial schools. *Forging New Freedoms* explains the origins of nativistic hostility toward German and Japanese Americans, Roman Catholics, Lutherans, and other groups whose schools became the object of assaults during and shortly after World War I.

The book explores the campaigns to restrict foreign language instruction and to require compulsory public education. It also examines the background of *Meyer v. Nebraska* and *Farrington v. Tokushige*, in which the Court invalidated laws that restricted the teaching of foreign languages, and *Pierce v. Society of Sisters*, which nullified an Oregon law that required all children to attend public elementary schools. William G. Ross explains how the Court's decisions commenced the Court's modern role as a guardian of civil liberties. He also traces the constitutional legacy of those decisions, which have provided the foundation for the controversial right of privacy. \$37.50 cloth

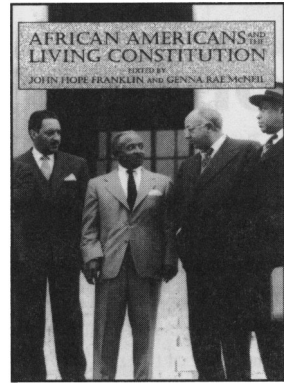

# Forging New Freedoms

Nativism, Education, and the Constitution, 1917–1927 • By William G. Ross

University of Nebraska Press Lincoln NE • 800-755-1105

*“What is striking is the role legal principles have played throughout America’s history in determining the condition of Negroes. They were enslaved by law, emancipated by law, disenfranchised and segregated by law, and, finally, they have begun to win equality by law. The progress has been dramatic, and it will continue.”*—**THURGOOD MARSHALL**, from *African Americans and the Living Constitution*

## **AFRICAN AMERICANS AND THE LIVING CONSTITUTION**

*Edited by John Hope Franklin and Genna Rae McNeil*

Bringing together distinguished jurists, historians, and legal scholars—including Mary Frances Berry, Matthew Holden, Gary Orfield, Derrick Bell, A. Leon Higginbotham and Julius Chambers—this book explores a range of historic and contemporary issues, including African American perspectives on the original Constitution’s pro-slavery compromises, the Constitution as a weapon against segregation, the criminal justice system’s racially disparate treatment of African Americans, and constitutional and statutory challenges that minority communities must face in dealing with environmental degradation and property devaluation.

## **LEGITIMATE ACTS AND ILLEGAL ENCOUNTERS** **Law and Society in Antigua and Barbuda**

*Mindie Lazarus-Black*

Examining three hundred years of social life on the Caribbean islands of Antigua and Barbuda, *Legitimate Acts and Illegal Encounters* reveals that the same laws used by ruling classes as tools for punitive definitions have served lower classes as instruments of both defense and resistance. Moving from the periods of slavery and emancipation under British colonial rule to recent independence, Mindie Lazarus-Black argues that the continuing struggle between lawmakers and the nonruling class has shaped the distinctive character of creole kinship, class, and gender. Lazarus-Black analyzes historical and social transformation on the islands, using a theoretical framework drawn from Foucault’s distinction between “systems of legalities” and “systems of illegalities.”

# Continuity and Change

**A journal of social structure, law and demography in past societies**

Now in its tenth year, *Continuity and Change* defines a field of social history concerned with long-term continuities and discontinuities in the structures of past societies. Emphasising studies that draw on more than one of the traditional fields such as history, sociology, law, demography, economics or anthropology, the journal is committed to comparative studies over a broad range of cultures and time spans. It provides a balance between quantitative and qualitative data from the contributing disciplines, promoting greater dialogue and discussion among researchers and making their work accessible to a wider audience.

## Great Constitutional Controversies in the Supreme Court

---

---

*Edited by* TERRY EASTLAND

*Foreword by* GRIFFIN B. BELL

“In this fine collection of essays Eastland has brought together the work of a group of like-minded public-spirited scholars who nonetheless reveal a stimulating diversity of jurisprudential approaches. All appear to share, however, a concern with the currently lamentable state of constitutional theory and practice. This book deserves to be widely read by laypersons and lawyers and should help alleviate the constitutional distress into which the courts and too many constitutional scholars have recently plunged us.”

—STEPHEN B. PRESSER

“In these wide-ranging and stimulating essays, several of our leading constitutional scholars examine both the historical and philosophical foundations and the far-reaching political and policy-making impact of the Supreme Court in the contemporary American regime. . . . The authors in general seek to restore the early American conception of the Constitution as a body of fixed political principles under which self-governing republican communities can pursue the ends of liberty, justice, and moral virtue.”
